tiger moth

* Pilot figures require painting and installation.

Fly a legend

Within minutes of opening the box you can be piloting the legendary DH 82 Tiger Moth biplane! Lots of molded-in details, along with an authentic trim scheme and 2 pilot figures*, add to this model's realistic appearance. An included 140mAh LiPo battery powers the Tiger Moth through smooth and steady flight, whether in your backyard, at a park or even inside a gymnasium. You can enjoy the all-in-one-box convenience of the RTF, or pilot the Tx-R version with an SLT transmitter, or your favorite radio and the AnyLink2!
