# Rio 51Z™

2.4GHz

Ready-to-Run Gasoline-Powered Offshore Boat

## Performance defined.

The first thing you'll notice about the Rio 51Z is its size. The second thing you'll notice is its power! A 26 cc Zenoah G260PUM – R/C's most popular marine gas engine – delivers the power for the speeds you demand. A Tactic™ 2.4GHz radio system provides you with interference-free control. Anodized aluminum and polished stainless steel GrimRacer™ hardware complements the Rio 51Z's premium performance with gleaming good looks.

### Includes:

- Zenoah G260PUM 26 cc marine gas engine
- Tactic 2.4GHz radio system
- High-performance GrimRacer hardware
- 20 minutes of run time per tank
- Self-oiling drive system

### Available in 3 sizzling colors!

- AQUB41BB
- AQUB41YY
- AQUB41RR

**AQUB41\*\***  
**Hull Length:** 51.5 in (1300 mm)  
**Beam:** 13.4 in (340 mm)  
**Weight:** 14.25 lb (6.4 kg)  
**Requires:** Standard unleaded gasoline, 2-cycle oil, cable oil & (8) "AA" batteries

**ZENOAH®**

### G260PUM 26 cc Marine Gas Engine

- The #1 choice in marine gas engines
- Comes complete, with a muffled exhaust
- Includes pull start

The surface drive system effectively delivers power with low maintenance. The included GrimRacer metal prop maximizes the Zenoah G260PUM engine's high output.

Zenoah is a registered trademark of HUSQVARNA ZENOAH CO. LTD. CORPORATION of Japan.

# Motley Crew

Ready-To-Run Brushless  
FE Catamaran

## The Rock Star of Racing Boats!

Right down to the licensed trim scheme, AquaCraft's Motley Crew Fast Electric Catamaran captures the exciting style of Ron & Scott Roman's world champion offshore racer. All the latest performance perks are here for dominating the competition at the highest levels — but the Motley Crew is also ready for sport modelers to enjoy!

### Includes:

- Water-cooled 6-pole 1800kV brushless motor
- 60A ESC w/4 mm bullet connectors and Deans® Ultra Plug® connectors
- Tactic™ 2.4GHz radio system
- High-performance GrimRacer™ hardware package

#### AQUB2100

**Hull Length:** 29.5 in (750 mm)

**Beam:** 10.4 in (265 mm)

**Weight:** 4.1 lb (1.84 kg)

**Requires:** (2) 7.4V 4200mAh LiPo batteries & (4) "AA" batteries

Underneath the hatch is ample space for the fully integrated power system and two powerful LiPo battery packs\* — and all arranged efficiently inside this unique fiberglass tub.

\*Batteries not included.

With the Motley Crew you get the AquaCraft advantage: a complete package of top-quality hardware and performance parts for getting the most out of your model.

### Recommended Products:

**AQUB9725** GrimRacer 42 x 55 Metal Prop

**AQUB9825** (2) GrimRacer Speed Pack 7.4V 4200mAh 30C Balanced LiPo Packs

**AQUB9835** (2) GrimRacer Speed Pack 7.4V 5000mAh 40C Balanced LiPo Packs

Deans® and Ultra Plug® are registered trademarks of W.S. Deans Co. U.S. Patent No. 5,533,915

# UL-1™ SUPERIOR

Ready-to-Run Brushless FE Competition Hydroplane

Capable of sizzling  
**65+ MPH**  
straightaway speeds!

## The competitor with all the extras — and no equals.

Let the other guys brag all they want — and let the UL-1 Superior do the talking for you. Blazingly fast, factory-assembled and competition-equipped, it has a LiPo-ready racing design created by none other than Mike “Grimracer” Zabrowski. With its optimized-for-brushless hull, custom-developed brushless motor and ESC combo and a complete package of GrimRacer high-performance hardware, it’s a winning combination for the hottest IMPBA and NAMBA events!

### Includes:

- **Tactic™ 2.4GHz radio system**
- **2030kV brushless motor**
- **Water-cooled, 60A ESC with Deans® Ultra Plug® Connectors**
- **Genuine GrimRacer™ hardware**

### Recommended Products:

**AQUB9825** (2) GrimRacer Speed Packs 7.4V 4200mAh 30C Balanced LiPo Packs  
**AQUB9835** (2) GrimRacer Speed Packs 7.4V 5000mAh 40C Balanced LiPo Packs  
**FPWP6697** (2) FlightPower® EON-X™ 30 7.4V 5000mAh Balanced LiPo Packs  
**AQUB9760** GrimRacer L40x57 3-Blade Metal Prop

### Available in 4 hot colors!

-  AQUB20Z1
-  AQUB20Z3
-  AQUB20Z2
-  AQUB20Z4

### AQUB20\*\*

**Hull Length:** 27.0 in (685 mm)  
**Beam:** 14.25 in (360 mm)  
**Weight:** 4.9 lb (2.21 kg)  
**Requires:** (2) 7.4V, 3200mAh 20C LiPo battery packs & (4) “AA” batteries

The molded-in fiberglass center tub section is the perfect radio/motor box: spacious, waterproof and easy to clean. What’s more, its shape braces the hull against distortion — and its depth helps lower the CG and improve stability.

GrimRacer hardware is built to take punishment in stride and coax the last bit of performance from every hull. All aluminum parts are CNC-machined and black-anodized for top performance and lasting good looks.

Deans® and Ultra Plug® are registered trademarks of W.S. Deans Co. U.S. Patent No. 5,533,915

# SUPERVEE 27<sup>TM</sup> 2.4GHz R

Ready-to-Run Brushless Offshore Superboat

**Extreme performance — right out of the box!**

It's a worthy FE-class competitor, and also a winning choice for first-timers and sport modelers. The SuperVee 27R's sleek, deep vee profile promises exhilarating speeds — a promise kept by the powerful brushless motor and generous package of durable, high-performance GrimRacer hardware.

**Includes:**

- Tactic 2.4GHz radio system
- AquaCraft 1800kV brushless motor
- 45A brushless ESC with Deans® Ultra Plug® connectors
- Boat stand

**Available in 4 hot colors!**

-  AQUB23YY
-  AQUB23NN
-  AQUB23RR
-  AQUB23WW

**AQUB23\*\***  
**Hull Length:** 27 in (685 mm)  
**Beam:** 8.1 in (205 mm)  
**Weight:** 3.4 lb (1.53 kg)  
**Requires:** (2) 6-cell NiMH batteries with Deans Ultra Plug connector & (4) "AA" batteries

The hatch that provides quick access to the roomy on-board compartment features a durable stainless and spring steel Cowl Lock System — with no loose parts to misplace.

**Recommended Products:**

**AQUB9725** AquaCraft GrimRacer™ 42 x 55 Metal Prop

Deans® and Ultra Plug® are registered trademarks of W.S. Deans Co. U.S. Patent No. 5,533,915

# RIO EP<sup>TM</sup> 2.4GHz

Ready-to-Run Offshore Superboat

**Includes:**

- Tactic 2.4GHz radio system
- Water-cooled 550-size motor
- 25A ESC
- Boat stand

**AQUB1800**  
**Hull Length:** 25.5 in (645 mm)  
**Beam:** 6.4 in (160 mm)  
**Weight:** 26.4 oz (750 g)  
**Requires:** 6- or 7-cell NiCd/NiMH battery & (4) "AA" batteries

**Fast, easy fun.**

The Rio EP looks like it has it all. And it does! The factory-finished hull features durable, lightweight ABS construction, with aluminum trim plates that can be fine-tuned for maximum performance.

Lift off the cowl, and you'll see that all components are positioned for easy access and maintenance. The Rio EP accepts both 6-cell stick and 7-cell hump battery packs.

# MINIMONO

Ready-To-Run Brushless Mini-Sized Racer

## Mini size... max performance!

The Minimono represents a new breed of boat: a mini-sized racing boat equipped with a *brushless* motor and an ESC designed for a single 3-cell *LiPo* battery! This advanced power system makes the Minimono one fast boat that's lots of fun to drive. Its smaller size and responsive handling let you race on smaller bodies of water, and it's affordably priced too!

- **Water-cooled 2800kV brushless motor**
- **20A ESC with Deans® Ultra Plug® connector**
- **Tactic™ 2.4GHz radio system**
- **At just 18" long, the Minimono is sized for full-throttle fun on almost any size pond or lake**

#### AQUB1805

**Hull Length:** 16 in (405 mm)

**Beam:** 5.5 in (140 mm)

**Weight:** 10 oz (285 g)

**Requires:** 11.1V 1000mAh LiPo battery w/Deans® Ultra Plug® connector & (4) "AA" batteries

The 2200kV brushless motor is water-cooled for consistent performance. The 20A ESC is designed for use with LiPo batteries, and features a stutter bump low-voltage warning and low-voltage cutoff\*. They're part of a layout that is designed for easy access.

\*with 3S LiPo battery only.

If the Minimono strikes an object in the water, a breakaway feature allows the rudder to swing back and avoid damage. It quickly snaps back into place.

# Mini Boats

Variety, velocity and value – Mini RTRs have them all! All include a 2-channel radio w/1 servo, ESC, 6-cell 1100mAh NiMH battery, charger and display stand.

## *mini* WILDCAT™

Ready-to-Run Electric Catamaran

### Equipped with dual-motor drive!

- Drive system includes two water-cooled motors and dual propellers.
- Mini Wedge rudder design delivers precise handling.
- Removable, watertight covers keep onboard electronics dry.

#### Four hull colors available!

 AQUB19A1     AQUB19A3  
 AQUB19A2     AQUB19A4

#### AQUB19\*\*

**Hull Length:** 14.8 in (375 mm)  
**Beam:** 5 in (125 mm)  
**RTR Weight:** 16.9 oz (480 g)  
**Requires:** (8) "AA" batteries

The Mini Wildcat and Mini Thunder both feature a breakaway rudder, which swings back to prevent damage in the event of a crash.

## MINI THUNDER™

Ready-to-Run EP Round Nose Hydroplane

### Stir up the pond!

- Open cockpit features a driver, windshield and engine block.
- Micro Wire drive system delivers plenty of power.
- Watertight access hatches shield components from moisture.

#### Five color choices!

 AQUB16A1     AQUB16A4  
 AQUB16A2     AQUB16A5  
 AQUB16A3

#### AQUB16\*\*

**Length:** 17.5 in (445 mm)  
**Beam:** 8 in (205 mm)  
**RTR Weight:** 18.4 oz (520 g)  
**Requires:** (8) "AA" batteries

## Mini Rio™

Ready-to-Run EP Offshore Boat

### Superboat thrills - race-anywhere size!

- Dual Wedge rudder delivers precise turning power.
- Easy to maneuver, for nonstop racing action.
- Durable, low-maintenance design for extended run times.

#### Choose from four colors!

 AQUB15A1     AQUB15A3  
 AQUB15A2     AQUB15A4

#### AQUB15\*\*

**Hull Length:** 14.3 in (360 mm)  
**Beam:** 4.8 in (120 mm)  
**RTR Weight:** 16 oz (455 g)  
**Requires:** (8) "AA" batteries

Perfectly sized for ponds, pools  
and grab 'n go fun!

# MINI ALLIGATOR TOURS™

Ready-to-Run EP Airboat

**Realistic and ready for action,  
anytime and anywhere!**

With the Mini Alligator Tours Airboat, the fun happens fast. There's nothing to build or buy\*, so you can be on the water just minutes after you open the box. It's so simple to run that almost anyone can enjoy it — and it's just as affordable as it is fun to run!

\*Except "AA" batteries.

**AQUB09\*\***

**Hull Length:** 18.25 in (465 mm)

**Beam:** 7 in (175 mm)

**RTR Weight:** 24.6 oz (695 g)

**Requires:** (8) "AA" batteries

Twin air rudders turn prop thrust into quick, powerful steering control and eliminate the hazards that underwater obstacles pose for boats with water rudders.

## Both Include:

- 380 motor & ESC
- AquaCraft 2-channel radio
- 6-Cell, 1100mAh NiMH battery
- 12V DC field charger

# REEF RACER™2

Ready-to-Run EP Mini Vee

Lightning-quick and "turn-on-a-dime" maneuverable, the Reef Racer makes it easy to enjoy fast-paced excitement on lakes, ponds and pools. It arrives painted and decaled, with virtually everything — including the painted driver figure — already installed, so you can join the "get wet" set in minutes!

**Available in 6 hot colors!**

- |  |  |
|--|--|
|  AQUB14A1 |  AQUB14A4 |
|  AQUB14A2 |  AQUB14A5 |
|  AQUB14A3 |  AQUB14A6 |

**AQUB14\*\***

**Hull Length:** 15 in (380 mm)

**Beam:** 5.3 in (145 mm)

**Requires:** (8) "AA" batteries

Flip the Reef Racer and it automatically rights itself to keep the action going!

**Authentically scaled and ready for action.**

## ATLANTIC HARBOR TUGBOAT

*Ready-to-Run Electric Tugboat*

**Filled with details found on real working tugs.**

Realism like this is usually seen only on expensive and painstakingly crafted kits, but the Atlantic is factory-assembled — with a painted fiberglass hull loaded with rich scale details.

**Includes:**

- 2-Channel AquaCraft radio made by Futaba®
- Direct drive 550-size motor
- Forward/reverse ESC
- Interior/exterior LED lighting system
- 3-Blade metal prop
- Boat stand

AQUB59\*\*  
Hull Length: 30.3 in (770 mm)  
Beam: 9.8 in (250 mm)  
Requires: 6- or 7-cell NiCd or NiMH battery & (10) "AA" batteries

AQUB60\*\*  
Hull Length: 33.5 in (850 mm)  
Beam: 8.8 in (220 mm)  
Requires: 6-cell NiCd/NiMH battery & (10) "AA" batteries

## BRISTOL BAY

*Ready-to-Run Electric Fishing Boat*

**A fully outfitted fishing vessel comes to life.**

Though ready to launch in minutes, the Bristol Bay's factory-installed details give it the look of a time-intensive kit. Its prepainted fiberglass hull features a wood deck. Just install the mast and connect the pre-numbered rigging lines before casting off.

**Includes:**

- 2-Channel AquaCraft radio made by Futaba®
- Direct drive 550-size motor
- Forward/reverse ESC
- Operational lighting system
- 3-Blade metal prop
- Boat stand

# Miss VEGAS™ Deuce

Ready-To-Run Competition-Ready  
.18-Size Hydroplane

## Get in the race FAST!

The Miss Vegas Deuce brings the excitement of full-scale unlimited hydroplane racing to your nearest lake or pond. The “Deuce” doesn’t come second to any other ready-to-run nitro boat. It’s loaded with top-of-the-line equipment to meet two goals — getting you race-ready fast and delivering sensational speed and style!

### Includes:

- SuperTigre® .18 water-cooled marine engine with tuned Q-18 Quiet Pipe
- Super Start™ handheld engine starter
- Tactic™ 2.4GHz radio system
- Assembled and finished fiberglass hull
- Boat stand
- Tools

Lift off the cowl and you’ll see that all components are positioned for ideal operation and simplified maintenance. The SuperTigre .18 Marine engine is water-cooled, with a tuned Q-18 Quiet Pipe that reduces noise and boosts power for faster runs.

With quality components like a Tactic 2.4GHz radio, SuperTigre .18 marine engine and Super Start engine starter, the Miss Vegas Deuce is well-equipped to take on the competition.

### Available in 4 hot colors!

- |   |  |
|---|--|
|  AQUB34YY |  AQUB34NN |
|  AQUB34RR |  AQUB34WW |

**AQUB34\*\***  
**Hull Length:** 32.3 in (820 mm)  
**Beam:** 13.8 in (350 mm)  
**Weight:** 5 lb (2.27 kg)  
**Requires:** (8) “AA” batteries & glow fuel

### Recommended Products:

- AQUB9515** GrimRacer Turn Fin Polished
- AQUB9516** GrimRacer Turn Fin Blue Anodized
- AQUB9539** GrimRacer Turn Fin Black Anodized
- AQUB9575** GrimRacer Prop Balancer
- AQUB9700** GrimRacer 36x55 High Performance Propeller

# TOP SPEED<sup>TM</sup> 3

Almost Ready-to-Run .21 Tunnel Hull

## Pure performance

Knowledge gained from three successful seasons of race-testing inspired the refinements found in this latest generation of the AquaCraft Top Speed. The result is a .21-size tunnel hull whose superior handling and impressive speed have already earned multiple World Championship titles.

### Includes:

- Painted fiberglass hull with high-gloss clearcoat
- On-board components positioned for easy access
- GrimRacer<sup>TM</sup> racing hardware

### Available in four hull colors!

-  AQUB0007
-  AQUB0009
-  AQUB0008
-  AQUB0010

### AQUB0007

**Hull Length:** 30 in (765 mm)

**Beam:** 10.5 in (265 mm)

**Weight:** 3.5 lb (1.60 kg)

**Requires:** 2-channel radio with 1 high-torque and 1 standard servo & .21 in<sup>3</sup> (3.5 cc) outboard engine

# VS1<sup>TM</sup>

Almost Ready-to-Run  
Competition Wood Tunnel Hull

## Designed by Mike "Grimracer" Zaborowski - winner of 10+ national titles!

The VS1 prototype scored its first championship victory at the 2000 IMPBA Internats. In kit form the wins continued, for "Grim" and many others. Now even more racers can burn the competition with the AquaCraft VS1. It's the first almost ready-to-run version of the proven tunnel hull design...developed by none other than Grimracer himself!

### Includes:

- High-quality wood with a high-gloss, clearcoat finish
- Proven GrimRacer performance hardware

### AQUB0006

**Hull Length:** 28 in (710 mm)

**Beam:** 11 in (280 mm)

**Weight:** 2.4 lb (1.09 kg)

**Requires:** 2-channel radio with 1 mini and 1 high-torque standard servo & .21 in<sup>3</sup> (3.5 cc) outboard engine

# VELA<sup>TM</sup> ONEMETER

Ready-to-Run Racing Sailboat

## For pleasure and prestige.

### Fully equipped — and ready to sail in under an hour!

The Vela is simple enough that a beginner can easily assemble and sail her the same day. However, with its built-in performance features and advanced, lightweight materials, the Vela is also a natural competitor. Its spirited performance, brilliant colors and impressive dimensions make it a standout, whether it's racing across the water or sitting on the included display stand.

### Includes:

- **Tactic™ 2.4GHz sailboat radio**
- **Installed high-torque sail winch servo**

Over 6-1/2 feet  
(2 meters) tall  
from masthead  
to keel bulb!

The Vela comes equipped with powerful rudder servo and an even more powerful sail winch servo. Ball bearings, metal gears and 153 oz.-in. (11 kg/cm) of torque make sure that the sails will respond quickly no matter what the wind conditions.

**AQUB0200**  
**Hull Length:** 40 in (1015 mm)  
**Beam:** 6.5 in (165 mm)  
**Height:** 79 in (2005 mm)  
**Weight:** 6 lb (2.72 kg)  
**Requires:** (8) "AA" batteries

# PARADISE<sup>TM</sup>

Ready-to-Run Sailboat

## Sail for pleasure — leave work behind.

Not only does the Paradise come with radio system installed, but even the rigging has been done for you. Its factory-finished fiberglass hull requires no sanding or painting...and because it's powered by the breeze filling its durable, printed nylon sails, you'll need only a few "AA" batteries to get underway. The low-drag keel and rigid aluminum boom disconnect for easy transporting.

### Includes:

- AquaCraft 2-channel, 2-stick radio system made by Futaba®
- Boat stand

### Available in 6 hot accent colors!

**AQUB01\*\***  
**Hull Length:** 26 in (660 mm)  
**Height:** 50.5 in (1285 mm)  
**Beam:** 5.25 in (135 mm)  
**Requires:** (12) "AA" batteries

## AquaCraft T-Shirts

These icy blue, 100% cotton, short-sleeve tees feature a screen-printed AquaCraft logo in front — and in back, the coolest ghoul ever to tread water, none other than GrimRacer himself. Suit up, AquaCraft style...coming or going, you'll make a splash!

**AQUZ0001** Small  
**AQUZ0002** Medium  
**AQUZ0003** Large  
**AQUZ0004** X-Large  
**AQUZ0005** XX-Large

## Boat Fuel

**Premium performance fuel at a sport price!**

- Features an oil package that has been specially formulated and extensively race-tested for nitro-powered marine engines
- Consistent needle settings from bottle to bottle
- Will not “stain” painted or clear-coated hulls
- Low viscosity, 100% synthetic oil is added to the fuel blend at a ratio of 23%

AQUP2230 30% Quart  
AQUP2250 50% Quart  
AQUP2530 30% Gallon  
AQUP2550 50% Gallon

## LiPo Speed Packs

**The first packs designed specifically for marine racing!**

- Tested and approved by Mike “Grimracer” Zaborowski, world champion racer and boat designer
- Brute-sized 10-gauge discharge leads can handle race-winning current — and include genuine Deans® Ultra Plug® connectors and ElectriFly balancing plugs

AQUB9825 30C 4200mAh 2S 7.4V  
AQUB9830 30C 4200mAh 4S 14.8V  
AQUB9835 40C 5000mAh 2S 7.4V  
AQUB9840 40C 5000mAh 4S 14.8V

## High-Performance Metal Props

Give your boat a competitive edge!

- Ultra-clean casting and true-bore center hubs mean that each prop is near its balance point right out of the box.
- Copper-Beryllium-Titanium material won't crack or shear like plastic, and remains sharper longer with less chipping.
- GrimRacer props hold their shape better, and can be fine-tuned with less effort than stainless steel.

## Accessories

### Precision Prop Balancer

The most precise way to balance marine props. Includes adapters for 1/8", 3/16" and 1/4" dia. shafts and a one-piece, wide-stance aluminum base with leveling feature.

AQUB9575

### 50WT Cable Oil

Specially formulated for marine auto-oil drive systems. Comes in a 32 fl. oz. (946 mL) easy-pour container with resealable cap.

AQUB9550

### Speed Grease Cable Lube

Waterproof, non-slinging formula provides superior lubrication for flex cable and direct drive systems in nitro and electric boats alike.

AQUB9500

### Pro Radio Box Tape

Ideal for sealing radio box lids and hull hatches, this clear 3M® electrical tape resists gasoline, water, oil and glow fuel. Each roll contains 72 yards (66 m) – enough for a full racing season!

AQUB9514

3M is a registered trademark of the Minnesota Mining and Manufacturing Company.
