

TOP SPEED³

Almost Ready-to-Run .21 Tunnel Hull

PURE PERFORMANCE.

Knowledge gained from three successful seasons of race testing inspired the refinements found in this latest generation of the AquaCraft Top Speed. The result is a .21-size tunnel hull whose superior handling and impressive speed have already earned World and National Championship titles.

- **Lightweight, durable fiberglass hull and cowl.**
- **Sponsons engineered for high speed and stable cornering.**
- **Smartly designed radio box seals out water.**
- **Elevated fuel tank provides consistent fuel flow.**
- **Transom easily accepts most popular engines.**
- **Complete GrimRacer™ racing hardware package.**
- **Choose from four hull colors — orange, white, red and yellow.**
