

VELA™ ONEMETER

2.4GHz Racing Sailboat

For sport or racing... pleasure or prestige!

Combining luxurious looks with the hull of a racing champion, the Vela 1-meter can be the dream boat of almost any modeler. Its straightforward assembly makes it easy for anyone to have it ready to sail in under an hour.

- Over 6-1/2 feet (2 meters) tall.
- High-performance fiberglass racing hull.
- Tactic™ 2.4GHz radio system with high-torque sail winch servo.

The included, 2-channel Tactic 2.4GHz sailboat radio allows you to sail with any number of racers without unwanted interference.
