Requires: (8) "AA" batteries

For pleasure and prestige

Fully equipped — start sailing in under an hour!

While the Vela One Meter sailboat is easy enough for beginners, it also boasts cutting-edge materials and performance features that make it a worthy competitor. When not on the water, the Vela's impressive dimensions, brilliant colors and included stand make it equally worthy of display.

- Stands over 6-1/2 feet tall, for impressive looks on the water or on display.
- Performs in all wind conditions, making it idea for sport sailing and serious racing.
- Ready to sail in under an hour, whether you're a new skipper or experienced sailor.
- Factory-applied graphics and deck details add authentic looks without added work.
- A simple thumb nut makes the keel easy to install for sailing and simple to remove for easy transportation.
- Rigging lines feature quick clips for easy attachment to eyelets on the deck and mast.
- Polyester sails feature reinforced edges for high performance, and printing on one side for easy orientation.
- High-torque (153 oz.-in.; 11 kg-cm) sail winch servo features ball bearings and durable metal gears.
- Lightweight aluminum jibs and a competition-grade carbon fiber mast reduce weight and boost speed.
- An oversized rudder provides very responsive handling and turns in little more than the length of the Vela's hull.

The Vela RTR includes:

- Painted, high-performance fiberglass racing hull with factory-applied graphics, carbon-fiber mast, aluminum booms, printed sails and removable bulb keel
- Tactic TTX410 4-channel 2.4GHz radio with TR325 receiver, TSX100 rudder servo and TSX382 high-torque sail winch servo
- Display/work stand
