Ready-To-Run Brushless FE Catamaran

The Rock Star of Racing Boats!

The Motley Crew FE captures the exciting style of Ron and Scott Roman's world champion offshore racer down to the licensed, factory-applied trim scheme. With its brushless power system and interference-free 2.4GHz radio, this cat comes ready to dominate competition at the highest levels — but it's also easy for sport modelers to enjoy!

- **Assembled and finished fiberglass hull with foam flotation.**
- **6-pole, water-cooled 35-56-1800 inrunner brushless motor with 4 mm bullet motor connectors.**
