

LUCAS OIL

Brushless FE Catamaran

A smooth, competitive cat

With its authentic Lucas Oil trim scheme, this brushless beauty stands out from all the other offshore racers. A water-cooled motor and 60A controller deliver blazing speeds that complement the high-performance GrimRacer hydro/cat 2535 hardware package. If you're all about convenience, there's a version that comes with a dependable 2.4GHz radio system — or you can opt for the Receiver-Ready model that's designed to accept your radio of choice.

- A FE (Fast Electric) catamaran hull design
- Water-cooled 6-pole 1800kV brushless motor
- 60A brushless controller w/4 mm bullet connectors and Deans® Ultra Plug® connectors
- High performance GrimRacer 2535 hydro/cat hardware package
- Large tape-down hatch keeps electronics dry
