**Updated with a
TTX491 radio,
TR625 receiver and
the Star Plug!**

Harbor workhorse

We all feel the ocean's pull. Soothe that yearning for the smell of salt spray and cry of gulls with the Atlantic II Harbor Tug. Drop in a LiPo battery, and you can be on the water immediately with a maritime masterpiece that boasts working LED lights and scale details in every inch. With a TTX491 radio system for control and run times of up to an hour, the Atlantic II offers scale modelers a brilliant way to enjoy scale looks and smooth sailing.

- Factory-installed cabin, navigation, spot and mast lights add real-life looks without work.
- Other real-life details – including fire extinguishers, life preservers, ladders, and portholes – are factory-painted and installed for added authenticity.
- A rubber bow cap and tires on both rails offer impact protection and dock-side detail.
- Remove the cabin for fast, easy access to all onboard electronics.
- The TTX491 offers easy 2-stick control of all channels. It comes with a full-range TR625 receiver that offers dual antenna and push-button linking.

The Atlantic II Tugboat includes:

- Factory-finished fiberglass hull and superstructure with working LEDs and numerous scale details
- Tactic TTX491 4-channel 2.4GHz SLT radio, a TR625 dual-antenna receiver and TS102 servos
- A factory-installed power system that includes: a powerful 550-sized motor, 30A brushed LiPo-ready ESC, direct drive system and 3-bladed brass propeller
- Wooden display stand
