Weight w/battery: 1.34 lb (612 g)
Requires: nothing!

Ready for off-road adventures!

The SC4.18 is a hybrid that brings high performance, convenience and low cost together in a single ready-to-run package. Charge and install the battery, and the work is done and you're ready for fun.

No driving experience? No problem there; the SC4.18 is super-stable, with an independent servo for smooth, easy driving and a radio that lets you tailor steering and throttle response to your preference. It has what it takes to survive the bumps and lumps new drivers dish out, plus features that let it "grow" with your skills for fun down the road.

Plus these high-performance extras:

- Rugged, shaft-driven 4WD
- Gear differentials
- Powerful M370 motor
- Adjustable suspension
- Full bearings
- Independent steering servo
- Waterproof electronics
- Big Bore oil shocks
- Mounted rubber tires with foam inserts
- Impact-absorbing bumpers
- Adjustable aluminum motor mount

Includes:

- Fully assembled vehicle
- Printed and trimmed polycarbonate body
- Factory-installed M370 motor, waterproof steering servo and waterproof ESC/receiver
- 2.4GHz radio system with trims, dual rates and servo reversing
- 6-cell, 1300mAh NiMH (Nickel-Metal Hydride) battery
- AC wall charger and charge monitor
- 4 x "AA" alkaline batteries
