Built to survive the toughest off-road terrain!

Tough as the turf it rolls over, the MT4.18 is designed to take all the abuse that you can dish out. It has tough composite parts for durability. A countersunk chassis and front skid plate for sliding over obstacles without hang-ups, plus extra-wide bumpers and oil shocks for softening bumps and post-jump touchdowns.

Along with all the things you'd expect in a monster truck, you also get extras you wouldn't expect from an RTR: ball bearings, an adjustable suspension, a 2.4GHz radio with dual rates and compatibility with performance upgrades. It arrives assembled and equipped with everything you need to get moving fast. Off-road is waiting—get your crush on now!

Plus these high-performance extras:

- Rugged, shaft-driven 4WD
- Gear differentials
- Powerful M370 motor
- Adjustable suspension
- Full bearings
- Independent steering servo
- Waterproof electronics
- Big Bore oil shocks
- Mounted rubber tires with foam inserts
- Impact-absorbing bumpers
- Adjustable aluminum motor mount

Includes:

- Fully assembled vehicle
