

BX4.18

Ready-to-Run 1/18 Scale 4WD Buggy

Stock Number: DIDC0043
Length: 10.2 in (260 mm)
Width: 7.2 in (182 mm)
Height: 3.9 in (100 mm)
Weight w/battery: 1.29 lb (589 g)
Requires: nothing!

Rule the wild country right now!

The BX4.18 is everything an off-road buggy should be: agile for weaving around obstacles, stable at high speeds, and fast — just for the sheer fun of it! Its open-wheel, outlaw design tells you it's ready for wherever you want to go, whether that's across a garage floor or over a jump in an outdoor off-road course.

Get a BX4.18, and you have nothing to build, nothing to buy and everything you need to start your off-road rule right out of the box. That includes extras such as bearings, battery and charger, a 2.4GHz radio with dual rates, plus the potential for more power and speed with available upgrades.

Plus these high-performance extras:

- Rugged, shaft-driven 4WD
- Gear differentials
- Powerful M370 motor
- Adjustable suspension
- Full bearings
- Independent steering servo
- Waterproof electronics
- Big Bore oil shocks
- Mounted rubber tires with foam inserts
- Adjustable aluminum motor mount

Includes:

- Fully assembled vehicle
- Printed and trimmed polycarbonate body
- Factory-installed M370 motor, waterproof steering servo and waterproof ESC/receiver
- 2.4GHz radio system with trims, dual rates and servo reversing
- 6-cell, 1300mAh NiMH (Nickel-Metal Hydride) battery
- AC wall charger and charge monitor
- 4 x "AA" alkaline batteries
