### Ready for the beach or backyard, day or night!

Where you want to go doesn't matter – the DB4.18 can get you there fast! Everything you need for your first run is already in the box — and virtually everything that needs to be installed is already on the chassis. Insert the “AA” batteries in the 2.4GHz radio, charge and install the NiMH battery pack — and your work is done!

Waterproof electronics means that you can run on dirt, sand, wet grass and even snow without worry. And with LED lights to show the way, you can run all day and into the night.
