Weight w/battery: 1.49 lb (680 g)
Requires: nothing!

Hit the trail with LED brilliance and true truck looks!

Tough, fast, and fully assembled, the DT4.18 comes out of the box ready to conquer the roughest country around. It's more than complete; it's also loaded with performance extras most start-up trucks can't match. Ball bearings to fight friction. An M370 motor for 20+ mph straightaway speeds, plus a fully adjustable suspension, Big Bore oil shocks and multiple mounting options to tame the worst turf. Dual rates on the 2.4GHz radio make it a great truck to learn with and a great truck to stay with down the road. What's more, hop-ups are already available; all you have to do is to order and install them!

Plus these high-performance extras:

- LED lights
- Rugged, shaft-driven 4WD
- Gear differentials
- Powerful M370 motor
- Adjustable suspension
- Full bearings
- Independent steering servo
- Waterproof electronics
- Big Bore oil shocks
- Mounted rubber tires with foam inserts
- Impact-absorbing bumpers
- Adjustable aluminum motor mount

Includes:

- Factory-assembled vehicle with countersunk extended chassis
- Printed and trimmed polycarbonate truck body
- Factory-installed M370 high-speed motor, water proof ESC/receiver and steering servo
- D100 2-channel 2.4GHz SLT radio system with trims, dual rates and servo reversing
- 6-cell, 1300mAh NiMH battery
- AC wall charger and charge monitor
- 4 x "AA" alkaline batteries
