

# Ready-To-Run 1/18 Scale EP 4WD Touring Cars

DIDC0074

DIDC0070

**DIDC0070-Brushed/DIDC0074-Brushless**

**Length:** 11.1 in (282 mm)

**Width:** 5.1 in (130 mm)

**Height:** 3.6 in (92 mm)

**Weight w/battery:** 1.27 lb (580 g)

**Wheelbase:** 6.7 in (170 mm)

**Requires:** Nothing!

- Extended chassis with countersunk screw holes
- Adjustable aluminum motor mount
- Printed and decaled polycarbonate body
- Factory-installed motor, waterproof receiver/speed control and steering servo
- D100 2-channel 2.4GHz radio
- Proven four-wheel shaft drive for balanced traction and handling
- Gear differentials for reliable power
- Oil shocks for superior dampening
- Mounted high-traction tires with foam inserts
- Ball bearing equipped
- Adjustable suspension with lower CG
- Improved servo saver for precise steering control

## **Both Touring Cars include:**

- Assembled vehicle
- Printed and decaled body
- Factory-installed motor, receiver/speed control and steering servo
- D100 2.4GHz radio system with trims, dual rates and servo reversing
- Rechargeable NiMH (Nickel-Metal Hydride) battery
- 100-240V AC charger with international plug inserts
- 4 x "AA" batteries

## Takin' it to the streets!

Experience on-road action the way it was meant to be: quick, sure-footed and durable. The Dromida Touring Car comes through on all counts, along with Ready-To-Run convenience that makes it the ideal vehicle for indoor or outdoor driving fun.

Enjoy confident handling with four-wheel drive, high-grip tires and a low CG suspension. The foam front bumper helps protect against impact damage to the realistic-looking body. And extras such as a 2.4GHz radio, NiMH battery and charger add to this Touring Car's appeal.

Choose the Touring Car with a Torque 370 brushed motor, or ramp up the performance potential with the Touring Car equipped with a 5300kV brushless motor. Either way, you'll be set to shred asphalt!
