

DLE-30 GASOLINE ENGINE

R/C'S BEST BUY
IN GASOLINE
PERFORMANCE!

Convenience and power
for quarter scale!

With the DLE-30, you get gas-engine economy in a glow engine-sized package — and get it all for a surprisingly affordable price. And what you get for that price is even more impressive.

Electronic ignition provides a no-hassle answer to simpler starts, higher performance and minimal RF noise. A rear-mounted pumper carb ensures easier installs, a smooth, dependable idle and smoother transition throughout the power range. And a compact muffler turns exhaust noise into a pleasing scale sound.

DLEG0031

Displacement: 30.5 cc (1.861 cu in)
