

# ENGINEERED – FOR SPEED, AND STYLE.

Ready-to-Run 1/5 Scale  
Brushless EP On-Road Motorcycle

Lean in and lay on throttle! The DXR500 is easy to drive — whether you're battling for racing position or just barreling down the road. A flywheel gyro holds the cycle upright at low speeds and while you lean through turns, so you can start slow...and gradually build skills for full-throttle fun.

- Strong, simple and efficient metal chain drive.
- Front air fork shocks and oil-filled steering damper.
- High-volume, oil-filled rear shock.
- High-grip on-road tires.
- Easy-access battery compartment (accepts NiCd, NiMH and LiPo packs).
- Factory-finished, race-inspired body and driver, available in 4 colors.
