

EVADER EXT 2.4™

**FAST, TOUGH
— AND 100%
COMPLETE.**

READY TO RUN 1/10 SCALE 2WD ELECTRIC STADIUM TRUCK

The invincible Evader EXT racing truck platform now comes so complete, it requires nothing except your skills at the wheel. A 2.4GHz radio system is included and installed. It's fully waterproof, with a waterproof receiver box, SX-405WP servo and Sprint WP electronic speed control. Charge the supplied 1500mAh Onyx NiMH battery and you're ready to power down the track to a first-place finish!

- Available in three eye-catching color schemes.
- Powerful Photon Speed 2 motor supplies impressive acceleration and top end.
- Compatible with 6-7 cell NiCd/NiMH and 2S LiPo batteries.
- Sprint ESC includes battery cut-off circuit to prevent over-discharging of optional LiPo batteries.
- Also features oil-filled shocks with metal caps and a complete set of ball bearings.
