

super cub

Pilot a classic!

Here are two of the easiest ways to enjoy this aviation classic. With a wingspan of almost 18", the Micro Super Cub can use almost any open area as a flying field: parks, playgrounds, backyards — even

gyms. Flyzone offers it in two levels of convenience, as an RTF or Tx-R. Both are factory-finished, all-foam and complete with wing struts, fairings and a tailwheel.
