

fokker Dr.I

Be the Baron!

Finding the perfect site to fly the Fokker Dr.1 is as easy as getting it flight-ready. Its micro size makes it right at home in your backyard or a school gym. Both RTF and Tx-R versions come almost entirely factory-built, finished in authentic WWI Axis colors and trim, and detailed with pilot*, machine gun* and replica engine.

*Pilot and machine gun require installation. Pilot also requires painting.

RTF
READY-TO-FLY

FLZA2030

Top Wingspan: 14.1 in (360 mm)

Length: 12 in (305 mm)

Weight: 1.27 oz (36 g)
