

P-38 Lightning®

Command the lightning

Twin engines, twin tails and twin booms made the P-38 Lightning® the most distinctive single-seat fighter of World War II, and now you too can fly this ferocious fighter!

The Flyzone Micro P-38 Lightning® comes fully assembled and finished. Twin counter-rotating three-blade propellers powered by a LiPo battery give the model impressive speed and handling. With its compact size, the Micro P-38 Lightning® is easy to transport and easy to fly indoors or out. Pilot the Tx-R version using any SLT transmitter or your favorite transmitter with AnyLink2. Or go for the all-in-one-box convenience of the RTF!

FLZA2310

Wingspan: 21 in (535 mm)

Weight: 2.4 oz (68 g)

Length: 16 in (406 mm)

Includes: Tactic TTX402 4-Channel 2.4GHz SLT radio with built-in charger, factory-installed motors, ESC, servos & SLT receiver, 3.7V 250mAh LiPo flight battery & (5) "AA" batteries

Requires: nothing!

FLZA2312

Weight: 2.4 oz (68 g)
