

# Seawind®

For a unique flying experience, nothing tops the amphibious 56.6" span Select Scale Seawind. You can take off from the grass and land on water, or lift off from the lake and touch down on solid ground.

With other seaplanes, you have to choose between one environment or the other. Thanks to the Seawind Rx-R and Flyzone Select Scale engineering, you no longer have to compromise!

- truly amphibious design: easily take off or land on water or grass
- preinstalled brushless motor, ESC and servos
- mechanical retracts with speed reduction unit adds realism
- shock-absorbing landing gear
- scale Fowler flaps, detailed cockpit and lighting system
- tool-free twist-and-lock wing attachment system
