

Quite simply, the
#1 LiPo battery
line in the world!

Packs* arrive with leads, XH balancing connector and XT60 connector ready for instant use.

DRONE SERIES

Capacities up to 16,000mAh!

If you fly drones, FlightPower has a pack perfect for you. There are 23 tested and proven performers in all, and all are protected by a no-nonsense 2-year limited warranty. There are lightweight 3S and 4S packs with extra-high C rates for FPV racing, 3-6S, 10C packs for stretching flight times to the max.

Discharge Rates: 10C continuous/20C burst

30C continuous/60C burst

70C continuous/140C burst

Maximum Recommended Charge Rate: 3C (FPWP8005-9030)

1C (for all other packs)

Leads: multi-strand wire w/silicone insulation.

Connectors: JST XH balancing

XT60 discharge plug

- Created for premium power and like-new performance after 100, 200, 300 or more cycles!
- Cell-matched to create superior packs, extensively tested to ensure premium performance and supported with the best service in the industry.
- Cell tabs and balancing leads are ultrasonically welded for superior strength and dependability.

Look for FlightPower packs and performance wherever you see the bright metallic orange shrink!
