8FG

8-Channel 2.4GHz Computer System

FASST features and a low price make the 8FG attractive. But what makes the 8FG a great value are the features it offers for the money. Many — like online software updates, factory-defined mixes, SD memory cards and assignable gyro and governor functions — have previously been available only on high-end systems. And there's one — fast, simple SensorTouch™ programming — that isn't available *anywhere* else, at any price. Add in extra-low latency and cutting-edge 2048 resolution, and the 8FG becomes an exceptional buy and a shrewd investment for upper-level sport and entry-level competitive pilots alike.

Overview

- 8 proportional channels
- 2 switched channels
- Integrated FASST 2.4GHz design
- 2048 resolution
- SensorTouch™ programming
- Airplane, heli & glider software
- 20-model memory (internal)
- Mode 1-4 selectable
- Direct access to timers, channel mode & model selection
- 2-touch access to system, linkage & model menus
- Compatible with 32MB to 2GB SD Memory Cards*
- Assignable switches/functions
- 10-character user & model naming
- Model select, copy & reset
- Data transfer
- All-channel & battery fail-safes
- Sub-trims, servo reversing, dual rates, expo & EPA with limits
- Digital trims & memory, with step and % options
- 128 x 64 backlit LCD w/auto-off timer, normal/large timer display options, adjustable contrast & brightness
- Servo cycle w/bar graph displays
- Model & system timers
- Trainer system w/channel/function options
- Sticks w/ball-bearing gimbals, length & tension adjustments

* SD card not included.

Stock #	System	Band	Receiver	Tx NiMH	Mode
FUTK8000	8FGA	2.4GHz	R6008HS	1700mAh	2
FUTK8001	8FGH	2.4GHz	R6008HS	1700mAh	2

Airplane Menu

- 7 wing types
- 5 programmable mixes, plus:
- 5 factory-defined mixes
- 5-point throttle curve
- Throttle delay
- Gyro function w/up to 3 gyro rates
- Motor menu w/speed adjustment

Helicopter Menu

- 6 swash plate types
- 5 programmable mixes, plus:
- 8 factory-defined mixes
- 5 conditions w/delay per channel
- 5-point throttle & pitch curves
- Throttle hold
- Hovering throttle & pitch
- High/low pitch rates
- Gyro functions
- Governor functions

Glider

- 10 wing types
- 5 programmable mixes, plus:
- 2 factory-defined mixes
- 5 conditions w/delay per channel
- 4 virtual mixing channels
- Gyro functions w/separate rates for up to 3 gyros
- Motor menu w/speed adjustment
