

GY440 Series

Heading Hold Gyros

FUTM0783

FUTM0785

Economical and easy-to-install.

Ultra-light and incredibly compact, GY440 Series gyros offer the setup ease you want, combined with the features you need. Each has a 3-pin male connector and a trimmer that limits servo travel or gain adjustment. Information is displayed clearly with green and red LEDs, and they're also S.Bus and S.Bus2 compatible.

- Single-axis operation.
- One-cable connection to receiver.
- Easy to install, with minimal setup required.
- Remote gain and AVCS/Normal mode switching from transmitter.
- Trimmer on gyro for manual gain and servo travel adjustments.
- Dip switches for selecting gyro direction and servo pulse width.
- Red and green LEDs for setup ease and status awareness.
- S.Bus/S.Bus2 capability.
- Mounting pads.
- S.Bus male-to-male cables.
- Adjustment tool.
- Hook-and-loop strip.
