# ZLIN

## Akrobat

Almost-Ready-to-Fly .46-.72/EP Sport Aerobat

## A classic European airshow performer!

Based on the Zlin Z-526A that has been popular since the 60's and 70's, this Great Planes model is a distinctive departure from the many CAPs, Extras and Edges currently found at the flying field. It's similar in looks and performance to the Super Chipmunk, with a sleek profile and the capability for thrilling aerobatics — and those maneuvers are equally achievable with a 2-stroke or 4-stroke glow engine or an outrunner brushless motor.

- *Flight-ready in just a few hours*
- *Sheeted foam core wing*
- *Airfoiled tail surfaces*
- *Canopy doubles as an easy-access hatch to the battery compartment*
- *Bright MonoKote® trim scheme, with decals for German or U.S. registration numbers*
