

ESCAPADE MX™

Almost Ready-to-Fly 30-35 cc Gas/EP Sport Plane

A Breeze to Build. A Pleasure to Fly.

Designed for 30-35 cc gasoline and electric power, the Escapade MX is a sport pilot's dream come true. Not only does it handle low-speed maneuvers and high-speed aerobatics with equal authority, its low parts count and self-aligning tail surfaces help keep assembly time to a minimum.

Compatible with 63-62-250kV brushless motors like the RimFire 1.60, the Escapade MX executes snap rolls, stall turns, inverted flight and every move in between. A high-visibility MonoKote trim scheme, painted fiberglass parts and prehinged control surfaces maximize convenience – while minimizing work!

- Exciting aerobatics with gasoline or brushless electric power.
- Low parts count for fast, straightforward assembly.
- Two-piece wing simplifies construction and transport.
- Aluminum spinner and pilot figure included.

Recommended Products:

FUTM0045	(5-7) Futaba S3305 High-Torque Standard MG Servos
FUTM0075	(1) Futaba S9001 Coreless BB Air Servo (for throttle)
FUTM0075	(1) Futaba S9001 Coreless BB Air Servo (for optional choke)

Gasoline Power

DLEG0031 DLE-30 Gasoline Engine w/Electronic Ignition

Electric Power

GPMG4795	ElectriFly RimFire 1.60 Outrunner Brushless Motor
GPMM1860	ElectriFly Silver Series SS-80 80A Brushless HV ESC
FPWP5505	(2) FlightPower FP50 18.5V 5000mAh 50C LiPo Batteries
XOAQ4079	Xoar PJN Series 18x8 Electric Beechwood Propeller

Recommended Options:

Gasoline Power

OSMG1533	O.S.GT33 Gasoline Engine w/Electronic Ignition
DLEG0435	DLE-35RA Gasoline Engine w/Electronic Ignition

GPMA1210

Wingspan: 80 in (2030 mm)

Wing Area: 1184 in² (76.4 dm²)

Weight Range: 12.8-13.8 lb (5.8-6.2 kg)

Wing Loading: 25-27 oz/ft² (76-82 g/dm²)

Length: 67 in (1700 mm)

Requires: 4 (+) channel radio with 5-9 servos, 30-35 cc gasoline engine OR 63-62-250kV outrunner brushless motor, 80A brushless ESC, (2) 18.5V 5000mAh LiPo batteries & 18x8 prop
