

# THE LEGENDARY RACER OF THE '30S RETURNS!

A cross-country winner and a pylon racing star!

Pilot figure not included.

## 'MISTER' MULLIGAN

Almost Ready-to-Fly Electric  
Sport-Scale Airplane

**MONOKOTE®  
COVERING**

No one knows how the Howard DGA-6 got its "Mr. Mulligan" nickname. However, everyone knew what it could do, and *that* was win races. It won the Bendix Trophy and the Thompson Trophy in the same year — a feat that's never been duplicated. And like the original, the ElectriFly Mr. Mulligan is a clearly a winner, in both scale looks and electric ease!

- Captures the original's classic looks in a design created for brushless power and easy assembly.
- Spans 52", for easy handling and transportation without teardown.
- Reproduces the clean, uncluttered silhouette with an all-wood airframe, MonoKote® film and painted fiberglass parts.
- Includes prehinged flaps, ailerons and elevators, a cowl with molded-in blister detail and a replica radial engine complete with pushrod tubes!

### GPMA1485

**Wingspan:** 52.5 in (1335 mm)

**Wing Area:** 441 in<sup>2</sup> (28.4 dm<sup>2</sup>)

**Weight:** 5.25-5.75 lb (2380-2610 g)

**Wing Loading:** 27-30 oz/ft<sup>2</sup> (82-92 g/dm<sup>2</sup>)

**Length:** 41.5 in (1055 mm)

**Requires:** radio with a minimum of 4 channels and 4 micro servos, 42-50-800kV outrunner brushless motor, 45A brushless ESC (min.), 14.8V (4S) 3,350mAh LiPo battery & 12x8 electric propeller.

### Product Recommendations:

**Please note:** all recommendations were the best choices available at the time of product release. For additional choices, please check with your dealer or on [electrifly.com](http://electrifly.com)

FUTK6900	Futaba® FASST™ 6EX 6-Channel Computer Radio System
FUTM0415	(4) Futaba S3115 Micro Precision Servos
