

# Sophisticated Lady™ ARF

The last word in sleek looks,  
slick aerodynamics and simple assembly.

Don't let her graceful lines and elegance fool you. The Sophisticated Lady is stylish, but she's also a great one for keeping things easy and uncomplicated. Start assembly in the a.m. and you can be ready for the field right after lunch. Give her a quick hi-start launch, and you're ready to kick back and let the relaxation begin.

- Features prebuilt balsa/ply sections and factory-applied MonoKote for "natural" good looks.
- Simple to assemble — gently responsive and forgiving in flight.
- Great for practicing spot landings or stretching small thermals into slow circles and lazy afternoons.
- Includes a canopy and pilot for added realism and a T-tail for smoother handling in turbulence.

## GPMA1959

**Wingspan:** 78 in (1980 mm)

**Wing Area:** 674 in<sup>2</sup> (43.5 dm<sup>2</sup>)

**Weight:** 27-30 oz (765-850 g)
