

Super Sportster™

Rx-R™ RECEIVER-READY

READY "RIGHT NOW" FOR SPORT AEROBATICS

For years the Super Sportster has been a classic "second" airplane, initiating pilots to the joys of low-wing flight and sport aerobatics. This Receiver-Ready version makes getting to the flight line even easier, with foam construction, a brushless electric power system and 4 micro servos already in place.

- Powerful brushless motor, ESC and servos — all factory-installed
- Simply add your transmitter, receiver and LiPo battery
- Durable AeroCell™ foam construction
- Fast, easy assembly with no gluing!

GPMA6006

Wingspan: 40 in (1015 mm)

Wing Area: 267 in² (17.2 dm²)

Weight: 20-22 oz (565-605 g)
