

# There's an RF7 edition for every pilot

With the impressive physics and engaging graphics of RealFlight, it's easy to see why it's been the best-selling flight sim for 16 years. Now, RealFlight 7 incorporates everything that made past versions ideal with new features and more controller options.

**InterLink® Elite Controller Edition**

Dedicated controller is ready when you are!

**Tactic® Tx-R™ Radio Edition**

Experience RealFlight with a real radio.

The Interlink Elite controller by Futaba optimizes sim control with digital trims, dual-rates, QuickSelect, 8 channels and a reset/rewind button. Plus, it doesn't require batteries. GPMZ4500

Fly any Tactic SLT receiver-equipped or Tx-R aircraft, plus every plane in RealFlight, with the TTX600 Edition. Learn to fly in RealFlight and then take those lessons to the field with this Tactic transmitter you can use to fly actual R/C aircraft! GPMZ4510

**Transmitter Interface Edition**

Connect your transmitter and fly!

**Upgrade to RealFlight 7**

Make your simulator state-of-the-art with this easy upgrade to RF7!

Finally, the Interface Edition enables you to use nearly any transmitter as the RealFlight controller. It also includes the Reset/Rewind button so you can replay cringe-worthy crashes. GPMZ4504

If you already have a previous edition of RealFlight (4 and higher), pick up the upgrade to get up to RF7 speed now! GPMX4508

## Here's what you'll find in every edition of RF7

- |   |                            |                        |                   |
|---|----------------------------|------------------------|-------------------|
| Over 90 planes to fly!                        | RealPhysics™               | Multiplayer            | Combat events     |
| Over 30 helicopters!                          | Training Aids              | Reset/Rewind           | TrueLife™ Terrain |
| More than 40 3D and PhotoField™ flying sites! | Virtual Flight Instructors | Many types of aircraft | Multiple Views    |
|   | Training Challenges        |                        |                   |

## Choose from over 135 aircraft with RF7

### Airplanes

Airboat	ElectriFly Yak-54 3D	General Atomics MQ-9 Reaper	Hobbico NexSTAR EP	Ripmax WOT 4
Albatros D.Va	Extra 300L	Great Planes Avistar Elite	Hobbico NexSTAR EP w/AFS	Ryan STA
AR-6 Endeavor	F-86	Great Planes Big Stik	Hobbico Twinstar	Sbach Thunderbolt 35%
AJ Slick (51 inch)	Flyzone AirCore P-51 Mustang	Great Planes Big Stik w/Floats	L-39 Albatros	Schneider Cup Racer
Bede BD-5J	Flyzone AirCore ME-109	Great Planes CAP 232	Messerschmitt BF109e	Seawind®
B-25 Mitchell	Flyzone AirCore Principle	Great Planes Fling 2-Meter	ME 262	Shuriken 60" Sloper
Cessna® 182 Skylane®	Flyzone Beechcraft Stagwaring	Great Planes Micro F-86 Sabre EDF	Mitsubishi A6M Zero	Sig® Seniorita
DynaFlite Bird of Time	Flyzone Cessna 182	Great Planes PT-40	Mistral 3M	Simple Flyer
Dynaflite Super Decathlon	Flyzone Diablo Sport	Great Planes Revolver	Multiplex® Easy Star	SkyShip
ElectriFly BLT Park Flyer	Flyzone Diablo Trainer	Great Planes SpaceWalker	Multiplex ParkMaster 3D	Sopwith Pup
ElectriFly Cirrus SR-22 Turbo	Flyzone Millennium Master	Great Planes Spirit 100	North American AT-6 Texan	Travel Air Mystery Ship
ElectriFly Edge 540	Flyzone Mini Switch Sport	Great Planes Super Sportster	P-6E Hawk	Top Flite F4U Corsair
ElectriFly Edge 540TP EP 3D XLC	Flyzone Mini Switch Trainer	Great Planes Super Sportster w/Floats	P-51D Mustang	Top Flite FW-190
ElectriFly ElectroStreak	Flyzone Sensei	Great Planes Ultra Sport	Paper Airplane	Tower Hobbies Extra Special
ElectriFly Evader	Flyzone SkyFly	Hall Bulldog	PAU Edge 540 36%	Ultimate Biplane
ElectriFly FlatOuts Extra 300S	Flyzone SkyFly 2	Harrier	Piper J-3 Cub	V-22 Osprey
ElectriFly Fundango	Flyzone Switch Sport	Hawk	Piper J-3 Cub w/Floats	Wild RC Mini IFO
ElectriFly Rifle	Flyzone Switch Trainer	Hobbico ElectriStar	Pitts® S-2B	Wright Flyer (1903)
ElectriFly PBY Catalina	Gary Wright Model Products E3D	Hobbico NexSTAR	RF-97	Yak-54
ElectriFly Slinger	Gee Bee R-2	Hobbico NexSTAR w/AFS	Russian Thunder Yak-54	

### Helis

AH-64 Apache	Dominion 3D 90 Flybarless	Heli-Max Axe 400 3D	Rave 90 ENV	Thunder Tiger E700
Align T-Rex 500	Dominion 400	Heli-Max Axe CP	Rave ENV Electric	Thunder Tiger Raptor G4 E720
Bell® 222®	Dominion 450	Heli-Max Axe EZ	Schweizer	Thunder Tiger Raptor 90 G4
Bell® 222® Scale Head	Ecureuil	Huey™	Schweizer w/Floats	Thunder Tiger Innovator Expert
Bell® Jetranger®	Ecureuil Scale Head	Hind Mi-24	Skycrane	Tutor 600
Bell® Jetranger® Scale Head	Gauí 330X-S Quad Flyer	KDE 700	Synergy N5c	Tutor 600 Trainer
Dominion 3D	Gauí X7	Mako F3C	Synergy E6	Quadcopter
Dominion 3D 90	Heli-Max 1SQ	Miniature Aircraft X-Cell® Furion® 450	Synergy E7	Westland Lynx

## Choose from over 40 Flying sites!

### Photofield™ Sites

Alpine Meadow	Gold Country Aeromodeler Park	Grass Flatlands (Night)	LIARS Field	Sod Farm
Carl Henson Field	Grass Flatlands	Lake Douglas	Santa Clara County Model Aircraft Skypark	Waco Field
Evergreen Airport				

### 3D Sites

Air Race Stadium	Boneyard	Construction Site	Flight School HD	Marooned	Palace	Sierra Nevada Cliff
Aircraft Carrier	Buena Vista	DS Ridgeline	Joe's Garage	Observatory	RealFlight Ranch	Soccer Field
Alpine Lake	Carnival	Flight School	Joe's Garage HD	Obstacle Course	Sandy Point	Soccer Field HD
Apocalypse	Castle	Flight School (Night)	Junkyard	Obstacle Course (Night)	Shipwreck	Thermal Park
Bayou	Castle HD

## System Requirements

<b>Minimum Recommended System:</b>	512 MB RAM	<b>Optimal System:</b>	Multiplayer Requirements:	<b>Activation Required</b>
Some graphical features may be disabled. Aerodynamic calculations will remain high quality.	10 GB Hard Drive Space	For best graphical performance	Broadband connection	
Windows® XP, Windows® Vista™, Windows® 7 or Windows® 8	DVD Drive	Dual Core 2.4GHz CPU	Computer microphone for voice chat	
*Local administrator access required.	3D Accelerated Video with:	2 GB RAM	InterLink® Elite Controller:	
Intel® Pentium® 1.0GHz or equivalent	32 MB Dedicated Video Memory	3D Accelerated Video with:	USB Port	
	Full DirectX 9 compliant (Shader Model 2.0 or better)	512 MB dedicated video memory	Compatible FM or FM-selectable transmitter (if using the interface mode)	
			Note: The connectors on the InterLink Elite cord and included adapters make the InterLink Elite compatible with the trainer jacks on most Futaba® and all JR®, Spektrum® and Tower Hobbies® systems.	

Windows is a registered trademark of Microsoft Corporation in the United States and other countries.

## Cutting Edge Flight Simulation for R/C Pilots

- Over 90 planes to fly!
- Over 30 helicopters!
- More than 40 3D and PhotoField™ flying sites!
- Improve your skills like never before with challenges!

# RF7

REALFLIGHT

## Up For A Challenge?

RF7 incorporates six new, fun ways to test and elevate your skill

- Air Race:** Fly around and through gates in a specific pattern and attitude — such as upright, inverted or knife edge.
- Balloon Burst:** Strike and “pop” as many balloons as you can before the clock runs out. Higher levels bring more balloons — some may be hard to find.
- Spot Landing:** Try to land safely and accurately. As targets decrease in size, you may have limited power...or no power at all!
- Grapple:** Maneuver your heli or quadcopter to pick up items and relocate them using an electromagnetic grapple.
- Limbo:** Navigate past obstacles through multiple horizontal poles — answering the question “How low can you go?”
- Ring Race™:** Test your reflexes flying through a series of rings. At higher levels, your speed increases and the course becomes more unpredictable.

## New Options, New Features, Same Goal — To make you the best pilot on the field.

**Heads Up Display**  
Just like fighter jets in real life, RF7 includes a HUD that displays critical information on your aircraft.

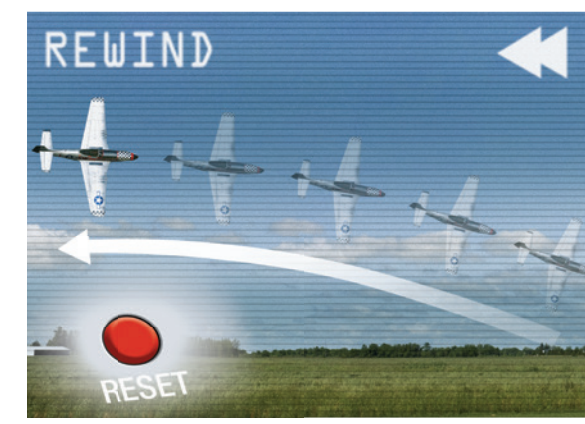

**Unlimited Combat**  
Multiplayer combat matches provide a fun way to test your skills. Go online and pit your skills against your friend's... and your enemy's!

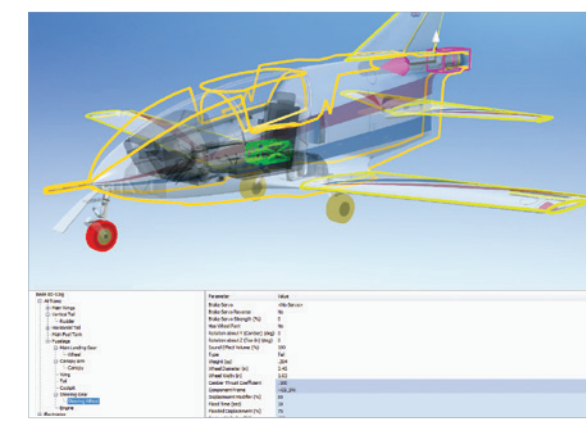

**See more — with TrueView**  
TrueView provides the impact of full-spectrum daylight, so colors are brighter and truer, contrasts are sharper and details such as canopies stand out like never before.

**Real Rendering**  
RealFlight is devoted to making everything look as real as is possible. Real Rendering™ helps ensure that every aircraft is exactly like what you'd see on the field!

**Reset/Rewind — return to the flight!**  
Push after a crash and you're instantly ready to fly again. Hold in to rewind and see what went wrong. Get cringe-worthy crashes out of the way before the field

**Aircraft Editor**  
Want rockets with that? Change an airfoil or powerplant? Customize your aircraft with the aircraft editor!

**FlexiField™ Flying Site Editor**  
Modify and create flying sites to suit the way you want to fly with the flying site editor.

**Fly with Friends**  
Multiplayer modes allow you to fly with friends for an even more realistic flying experience.

**TruFlo® Wind Dynamics**  
Aerodynamics are the heart and soul of flight, so RealFlight includes TruFlo Wind Dynamics to show how air currents affect your aircraft.

**Water Flying Sites**  
Planes with floats, flying boats and airboats are all meant for the water. From pristine beaches to dingy swamps, there are lots of options for water landings in RF7.

**Sure You're Good...**  
...but can you do it in the dark? Darkness adds an extra element of excitement to every flight. Perfect flying by guide lights in RF7 before you go to the field!

**Camera Position Options**  
Multiple view modes let you customize the way you fly to the challenge you face. Try third person for grapple and regular flight, or switch to first for combat!
