

# Cessna® 182

Select Scale™  
RX-R™  
RECEIVER-READY

## SKYLANE®

Receiver-Ready Select Scale™ Airplane

**Take off with receiver-ready speed — and ease!  
Flight-ready in an hour or less!**

The Select Scale Cessna Rx-R has the look that gets the look — and realism is the reason. Tinted windows, corrugated control surfaces and a 7-LED lighting system give it an uncanny resemblance to the original. And the resemblance goes beyond just looks into authentic performance, with a working shock and steerable nosewheel for precise ground control — and working, drop-hinged flaps for shorter takeoffs and slower touchdowns.

- Comes with a brushless motor, ESC and four servos already installed!
- Made from AeroCell™ foam — light, tough and CA-safe!
- Fast and easy to assemble. The wing attaches with just two quick-release bolts — and installing the tail is as easy as sliding it in place and connecting the linkages.
- A gentle trainer to start with — a nimble sport plane to stay with!
