## AXÉ™ 100 CX

### Coaxial Electric Helicopter

To fly the Axé 100 CX, all you really need is to own one. You can successfully pilot this helicopter even if it's your very first R/C model. You'll enjoy confidence-boosting stability from its coaxial rotor head design, plus impressive crash resistance that rescues your model during any unexpected "oops".

Perfectly sized for indoor fun, the Axé 100 CX is ready for action any time of day, any time of year. Get yours and start hovering!

- Fully assembled, with a full fuselage and high-visibility factory trim scheme.
- Coaxial rotor head — with counter-rotating main blades and a durable, flexible flybar — increases flight stability.
- Great for flying indoor flying, anytime!
