

120AX RINGED

Great for 3D, precision and sport flying

OSMG0650 – 120AX w/E-5020 Power Box Muffler

OSMG0651 – 120AX w/o Muffler

It's a fantastic way to ratchet up horsepower for more flying fun! The 120AX, which boasts 20% more displacement than a .91, can turn bigger props with ease, resulting in improved 3D, precision and sport flying. Boost your plane's performance, without compromising weight — bolt in a 120AX and see the difference for yourself!

- Delivers 20% more power than a .91
- Available with a Power Box™ muffler, which comes with two adapters – one of which turns the muffler 90° to become a “Pitts style”
- Angular head design significantly increases surface area for better heat transfer
