

Fly FAST

Race and train at the absolute edge

Stripped down, light, and made from high-impact foam and carbon fiber, the RISE RXD250 lets you cut in close to every obstacle and find the craziest, scariest route on the course. Go ahead and push it. The RXD250 is designed to withstand a crash—and to go fast.

Pre-programmed flight controller, perfect out of the box.

The RXD series stands for RISE Extreme Durability. Painstakingly crafted to be supremely rugged, every RXD250 frame is constructed using a premium foam/carbon composite.
