

Tuned for **SPEED**

The RISE RXS270 is designed for high-speed racing out of the box. Every CC3D has been painstakingly pre-programmed by the experts at Hobbico—to get you locked in and ready to go—right from the start.

- Super-strong 100% carbon frame
- Speed-optimized CC3D flight controller with LibrePilot
- Receiver-Ready
- Powerful brushless system with 2206 motors and a 4S-compatible ESC

Includes:

- Fully assembled RXS270
- CC3D wire harness
- (4) 6x3" props
