# .18 INBOARD ENGINE
DROP-IN MARINE POWER FOR .18-SIZE RTRs!

SuperTigre makes it easy to get more power out of your .15-.18 size boat. With its standard-size shaft, the .18 Inboard Marine is a direct fit into many models — and the ideal upgrade for higher performance, greater reliability and easier operation.

- An easy retrofit for stock RTR engines — and an instant boost in speed and performance!
- Designed in the USA by the same engineers who develop race-winning R/C boats.
- Included backplate accepts the optional AquaCraft™ 12V Super Start™ for quick, easy starts without belts or recoil starter ropes.
- Water-cooled for better performance and longer life!
- Includes a SuperTigre #4 hot glow plug designed for marine applications.
- 90-day limited warranty (USA and Canada only). See instruction manual for details.

Specifications
Stock Number: SUPG0718
Bore: 0.622 in (16.8 mm)
Stroke: 0.535 in (13.6 mm)
Displacement: 0.184 cu in (3 cc)
Crankshaft Thread Size: 0.197 in (5 mm)
Practical RPM: 6,500 – 32,000
Output: 2.2 hp @ 31,000 rpm
Weight: 8.9 oz (252 g) with glow plug
Includes: #4 hot glow plug

Recommended Options
AQUP0001   AquaCraft Models 12V Super Start Starter Handle
SUPG6003   Q-18 Tuned Pipe Exhaust System

Features
- ABC piston/sleeve construction
- Dual ball bearing-supported crankshaft
- Composite rotary carb w/O-ring sealed high- and low-speed needles.
- CNC aluminum water-cooled head
- Sealed front bearing
- Super Start backplate*
- O-ring sealed backplate
- Dual-bushed connecting rod
- Side exhaust

Standard backplate for use with starting belt also available.

Q-18 Tuned Pipe Exhaust System (SUPG6003)
Made of spun aluminum, SuperTigre's optional Q-18 Tuned Pipe keeps the sound level of .18-size marine engines below 85db. The system includes tuned pipe, header, coupler, header bolts and exhaust extension.
