2.4GHz

TTX240

2-Channel 2.4GHz Spread Spectrum Radio System

An excellent value in bulletproof 2.4GHz technology!

Whether you're just getting into R/C or want to upgrade the system in your current Ready-To-Run model, the TTX240 2-channel pistol radio lets you enjoy all the advantages of 2.4GHz spread spectrum performance — for less! Advanced electronics mean virtually no interference or “glitches”, making it ideal for boats, cars, trucks and buggies. The receiver is bound to the transmitter at the factory and stays bound, even the receiver loses power. Binding another receiver to the transmitter is almost as easy: it takes just one button and one second!

- **Steering and Throttle Reverse and Trims**
- **Steering Rate Adjustment Dial**
- **Folding Antenna**
- **Power LED**
- **Built-in Fail-Safe System**
- **On/Off Switch Harness**
- **4-cell “AA” Battery Holder**

TRANSMITTER SPECIFICATIONS: TACJ0245

Channels: 2
Frequencies: 2.403-2.480GHz
Input Power: four “AA” alkaline, NiCd or NiMH cells (3.8-8.0V)
Output Power: <0.1W

RECEIVER SPECIFICATIONS: TACL0324

Channels: 2
Frequencies: 2.403-2.480GHz
Input Power: four “AA” alkaline, NiCd or NiMH cells (4.0-6.0V)
Dimensions: 1.77 x 0.98 x 0.5 in (45 x 25 x 13 mm)
Weight: 0.25 oz (7 g)
