

PRECISE HEAT CONTROL WITH EASY-TO-READ LED DISPLAY.

Decals shown are included but not applied.

For any electric modeling application, the high-quality TrakPower TK955 Digital Soldering Station delivers superior results with easy — and exceptionally precise — operation.

- Digital LED display shows selected temperature, heating status and operational alerts.
- Simple push-button controls adjust heat in precise 1° increments.
- Security key locks in selected temperature, preventing accidental changes.
- Holds selected temperature within 1.8°F (1°C) while idle.

Includes:

- Digital Temperature Control Unit
- Heavy-Duty Soldering Iron with Ceramic Heat Element
- Chisel and Pencil Tips
- Iron Stand with Sponge
- Security Key
- Ready-to-Apply Decals for Temperature Control Unit, Soldering Iron and Iron Stand

5 Year Limited Warranty

Five-year limited warranty applies to Temperature Control Unit only. Soldering Iron is warranted for one year. U.S.A and Canada only.
