

FOCKE-WULF FW 190

Almost Ready-to-Fly 55 cc Gas Giant Scale Warbird

Pilot figure not included.

Shown with an optional
3-bladed spinner (TOPA1882)

THE LEGENDARY LUFTWAFFE FIGHTER.

Few fighter planes have ever been as agile as the Focke-Wulf Fw 190. Along with the Messerschmitt Bf 109, the Fw 190 formed the foundation of Luftwaffe air defense in World War II. Early prototypes proved the Focke-Wulf could hold its own against Allied aircraft like the P-47 Thunderbolt and the Spitfire. The Fw 190's blistering performance and multi-role versatility (including high-altitude interceptor and night fighter) made it one of the most important fighters of its time. Top Flite reproduces this Luftwaffe legend in a Giant Scale ARF that's packed with realism.

- Built-up and sheeted airframe components come finished in flat MonoKote® film.
- Prehinged control surfaces and painted fiberglass parts reduce assembly time.
- Designed for Robart® retractable landing gear.
- Extras include a machined aluminum 2-blade spinner, cannons and antenna mounts.
- Matte-finish decals let you customize to your liking.

TOPA0706

Wingspan: 85 in (2,160 mm)

Wing Area: 1,198 in² (77.3 dm²)

Weight: 22-24 lb (9.98-10.88 kg)

Wing Loading: 42-46 oz/ft² (128-140 g/dm²)

Length: 73 in (1,860 mm)

Requires: Radio system with a minimum of 7 channels (8-channel or greater recommended), 11-12 servos & 50-55 cc gasoline engine. See below for recommended products.
