TEAM DURANGO'S NEWEST SHINI

3 exciting rides that continue the Team's championship legacy!

"The DNX408T soaks up rough tracks and big landings like they aren't even there. Couple that with ample amounts of steering and you have a truggy that feels awe-inspiring and super-fast around the race track!" — Ryan Lutz

Length: 20.5 in (520 mm)
Width: 16.3 in (415 mm)
Wheelbase (adjustable): 14.8-15 in (376-382 mm)
Approx. weight w/electronics & engine: 141 oz (4000 g)
 TDR0220

DNX408T 1/8 Scale 4WD Nitro Truggy

- A low center of gravity and weight-forward design aids in suspension and allows the DNX408T to turn quickly and precisely
- Machined alloy front and rear bulkheads hold the gearboxes securely in place
- Machined alloy shock towers look awesome and perfectly support the 15 mm big bore shocks
- Spiral design, machine-cut gears have been extensively tested for performance and reliability
- Incredible pro-level tuning and configuration options, such as shock locations and camber links, optimize performance on all tracks and surfaces
- Other features include a combination transponder/throttle mount, a specially designed fuel tank, piston-action brakes and molded rubber boots and splashguards

NG STARS!

Team Durango™

www.gpdealer.com

DEST210R 1/10 Scale 2WD EP Stadium Truck

- Durango Injection Molded Engineering Composite chassis
- Oil-filled aluminum shock bodies with additional blank pistons
- Molded composite shock towers
- Sturdy aluminum motor mount
- Adjustable caster and camber

Length: 16.2 in (411 mm)
 Width: 13.1 in (333 mm)
 Wheelbase (adjustable): 11.1-11.4 in (282-290 mm)
 Weight: 67 oz (1900 g)
 TDRC0020

DESC210R 1/10 Scale 2WD EP Short Course Truck

- Durango Injection Molded Engineering Composite chassis
- Oil-filled aluminum shock bodies with additional blank pistons
- Molded composite shock towers
- Sturdy aluminum motor mount
- Adjustable caster and camber

Length: 21.4 in (544 mm)
Width: 11.4 in (290 mm)
Wheelbase (adjustable): 12.6-13.0 in (321-329 mm)
Approx. weight w/electronics: 70.5 oz (2000 g)
 TDR0030

Check out the rest of the lineup of Team Durango vehicles!

DEX210 1/10 Scale
2WD EP Buggy

- Winner — 2012 Reedy International Race of Champions
- Unique 4-way motor configuration options with a patent-pending hybrid gearbox design
- Big bore shocks with additional blank pistons for extra customization
- Slim 2.5 mm 6061 T6 aluminum chassis
- Inserts allow drivers to fine-tune toe-in, caster and front axle position

Length (Mid Motor): 13.2 in (335 mm)

Length (Rear Motor): 14.5 in (368 mm)

Width: 9.6 in (245 mm)

TDRC0010

DESC410R 1/10 Scale 4WD
EP Short Course Truck

- Winner — 2011 RC Pro Series Championship
- Top Qualifier — 2011 ROAR Nationals
- Alloy-sandwich chassis construction that's extremely rigid
- Massive 15 mm hex drives for efficient motor power transfer
- Oil-filled front, rear and center diffs
- 48DP and Module-1 spur/pinion gears to handle 550 brushless motor power

Length: 21.7 in (550 mm)

Width: 11.2 in (285 mm)

TDRC0130

- Winner — 2011 EFRA European Championships
- New rear drive shaft that holds up to tough landings
- Composite side frames to absorb impact
- Race-proven geometry
- Balanced weight distribution (51% rear, 49% front) for better handling
- Quick-change differentials
- Lightweight composite shock collars

Length: 13.75 in (349 mm)
 Width: 9.8 in (249 mm)
 TDR0110

DEX410RV3 1/10 Scale
 4WD EP Buggy

- Winner — 2011 IFMAR Vice-World Championships
- Winner — 2012 Reedy International Race of Champions
- Big bore shocks with optional springs
- Titanium nitride shock shafts for durability and smooth action
- Front and rear carbon fiber shock towers
- Faster and easier anti-squat adjustment
- Kuhler body that's raised and widened for better aerodynamics

Length: 13.75 in (349 mm)
 Width: 9.8 in (249 mm)
 TDR0120

DEX410V3 1/10 Scale
 4WD EP Buggy

DNX408V2 1/8 Scale 4WD Nitro Buggy

- Winner — 2011 FEMCA 1/8 Nitro Championships
- Winner — 2011 Byron Western Cup
- Winner — 2011 Psycho Nitro Blast
- Low center of gravity
- Massive 15 mm big bore shocks
- Machined one-piece universal engine mount
- Molded rubber shock boots and splash guards
- Equal length drive shafts for parts compatibility
- Easy access to the front and rear diffs

Length: 15.9 in (405 mm)
Width: 11.9 in (302 mm)
TDRC0210

DEX408 1/8 Scale 4WD EP Buggy

- Team Durango's newest 4WD electric off-roader, with all-new technology
- 3 mm aluminum chassis plate with composite side rails
- Optimally positioned ESC for maximum air flow
- 15 mm big bore shocks
- Smooth and efficient composite spur gear
- Nearly equal front to rear weight distribution and the signature Team Durango narrow chassis design

Length: 15.9 in (405 mm)
Width: 11.9 in (302 mm)
TDRC0300

From the Experts:

With the introduction of the DNX408T, DEST210R and DESC210R Team Durango continues to expand their lineup of highly competitive racing vehicles. Each one exemplifies Team Durango's commitment to excellence and quality engineering — thanks to designers who are also world class racers!

Long story short...

Team Durango is serious about racing and it shows in every kit!

A RACE-QUALITY BUGGY THAT'S

1/8 Scale 24GHz Nitro 4WD Buggy RTR

835B

- The countersunk 3.25 mm hard-anodized aluminum chassis houses lots of beefy parts, including 3.5 mm shock shafts, 4.5 mm-5 mm turnbuckles and hardened steel driveshafts and gears
- Grey-anodized aluminum parts include threaded Big Bore shocks, drag link plate, front and rear shock towers and front hinge pin plate
- The recoil-start SuperTigre® G-27CX .27 engine comes with a polished aluminum tuned pipe, glow plug and 3-year limited warranty
- Droop screws front and rear adjust the chassis height to meet track conditions
- Installed sway bars and hex head hardware throughout add even more value
- The fuel tank features a race-inspired "ring pull" lid
- A high-downforce wing allows for traction tuning
- Comes with pre-mounted racing tires with foam inserts and 17 mm hex hubs

AFFORDABLE AND READY-TO-RUN.

The 835B comes with virtually everything you need, including a 2.4GHz radio, fuel bottle, glow starter, NiMH battery and 110V wall charger.

Duratrax **2.4GHz** Radio System

The 835B comes with a Duratrax 2.4GHz "FTR" radio system, with an SX500 digital, metal-g geared steering servo, 5-cell 1300mAh NiMH receiver pack and 110V wall charger.

PROTECTED BY
**STRESS-TECH
GUARANTEE** **1**
YEAR

Compatible with all Futaba® 2.4GHz FHSS radio systems, including the 3PL, 4PL and 3PRKA.

From the Experts:

Look up the word "value" in the dictionary, and you'll find a picture of the 835B. This big, 4WD nitro off-road RTR machine is as tough as they come, with lots of hardened steel and anodized aluminum components. The engine is super-powerful, the radio is 2.4GHz secure, and a 1-year Stress-Tech™ Guarantee provides peace of mind. And all this comes with a price that makes it incredibly easy to own!

Long story short...

There are RTRs, and then there's the 835B, a 1/8 scale 4WD nitro buggy that's loaded with competition goodies at an amazing price!

DTXD72** 835B 1/8 Scale 2.4GHz Nitro 4WD Buggy RTR

Length: 19.9 in (505 mm)

Width: 11.9 in (302 mm)

Height: 7.5 in (190 mm)

Wheelbase: 12.8 in (325 mm)

Weight: 7.9 lb (3565 g)

REVOLUTION ON THE WATER!

Molded-in strakes on the hand-laid fiberglass hull provide stability at high speeds. The distinctive white bottom on all 4 trim schemes aids in visual contact while racing.

- A true FE (Fast Electric) mono hull design
- Water-cooled 6-pole 1800kV brushless motor
- 60A brushless controller with 4 mm bullet connectors and Deans® Ultra Plug®
- High-performance GrimRacer™ hardware package and metal propeller

Deans® and Ultra Plug® are registered trademarks of W.S. Deans Co. U.S. Patent No. 5,533,915

Both the Performance-Ready 2.4GHz and Rx-R versions are available in 4 hot trim schemes!

Revolt 30

Brushless FE Mono

The interior is roomy enough to allow for multiple battery configurations, including one or two LiPo packs. The powerful 6-pole motor is positioned near the stern, with a metal motor mount that isolates vibration for smoother performance.

Genuine GrimRacer parts translate into extreme speeds, excellent handling and impressive durability. As an added performance plus, the Revolt 30 comes with a GrimRacer 42x55 metal prop.

AQUB24** Revolt 30 Brushless FE Mono Performance-Ready 2.4GHz

AQUB25** Revolt 30 Brushless FE Mono Rx-R

Hull Length: 30 in (762 mm)
Overall Length: 33.5 in (851 mm)
Hull Width: 9.125 in (232 mm)
Empty Weight: 3 lb 7 oz (1560 g)

From the Experts:

With its sleek, mono hull design the Revolt 30 at wide-open throttle is predictable, stable and steers exactly where you point it! The brushless power system puts you out in front, and genuine GrimRacer parts keep you there. Choose the convenient Performance-Ready 2.4GHz version, or the Rx-R that's ready to accept your choice of radio — both available in 4 hot trim schemes!

Long story short...

The Revolt 30 looks fast even when it's on display — and wait until you get her out on the water!

TOP LEVEL DRIVING PERFORMANCE

Realistic Scale Details

The EXO RTR features a variety of fully licensed, realistic details including Hankook Dynapro MT tires, 2.2/3.0 Raceline Renegade wheels and a scale Griffin radiator.

Vanguard ESC and 2900kV Brushless Motor

Developed by Castle™ Creations for Axial, the Vanguard ESC provides exceptional power, braking and adjustability. The 2900kV Vanguard brushless motor helps the EXO RTR quickly get up to speed and efficiently put power to the ground through the 4WD drivetrain. The complete system is 3S capable, which will allow you to lay down some serious power!

4mm Aluminum Chassis

The center chassis is made from 4mm thick aluminum for durability and features recessed pockets to lower the center of gravity.

Three Oil-Filled Differentials

Three silicone oil-filled differentials transfer power to all four wheels, and because they're oil-filled they can be fine-tuned with optional oil. Each differential features 4 sintered gears housed in compact differential cases.

Standard 32 Pitch Gears

The EXO RTR utilizes standard 32 pitch pinion and spur gears to provide more tooth surface area for durability and efficiency to put its power to the ground!

Recommended Terrain

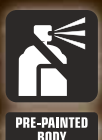

DESERT

OFF ROAD

The waterproof receiver box keeps radio gear protected from the elements. Integrated wire management keeps receiver leads organized and away from moving parts.

axial®

AXID9024 1/10 EXOTerra Buggy Electric 4WD RTR

Length: 19.3 in (490 mm)

Width: 11.2 in (285 mm)

Height: 6.75 in (171.5 mm)

Wheelbase: 13.2 in (334 mm)

Max. Ground Clearance: 2 in (50 mm)

Weight: 4.5 lb (2.03 kg)

From the Experts:

The goal of the EXOTerra Buggy kit was to combine all the best features of Trophy trucks, Class-1 buggies and sand racers into one dynamic do-it-all off-roader. Consider that mission accomplished: the EXOTerra Buggy is equipped to take on the most unforgiving conditions with style and substance. The RTR version takes the experience one step further with a preassembled chassis that enables drivers to start racing and bashing NOW!

Long story short...

Axial has added RTR convenience to the EXO Terra Buggy, one of R/C's most aggressive and versatile all-terrain vehicles!

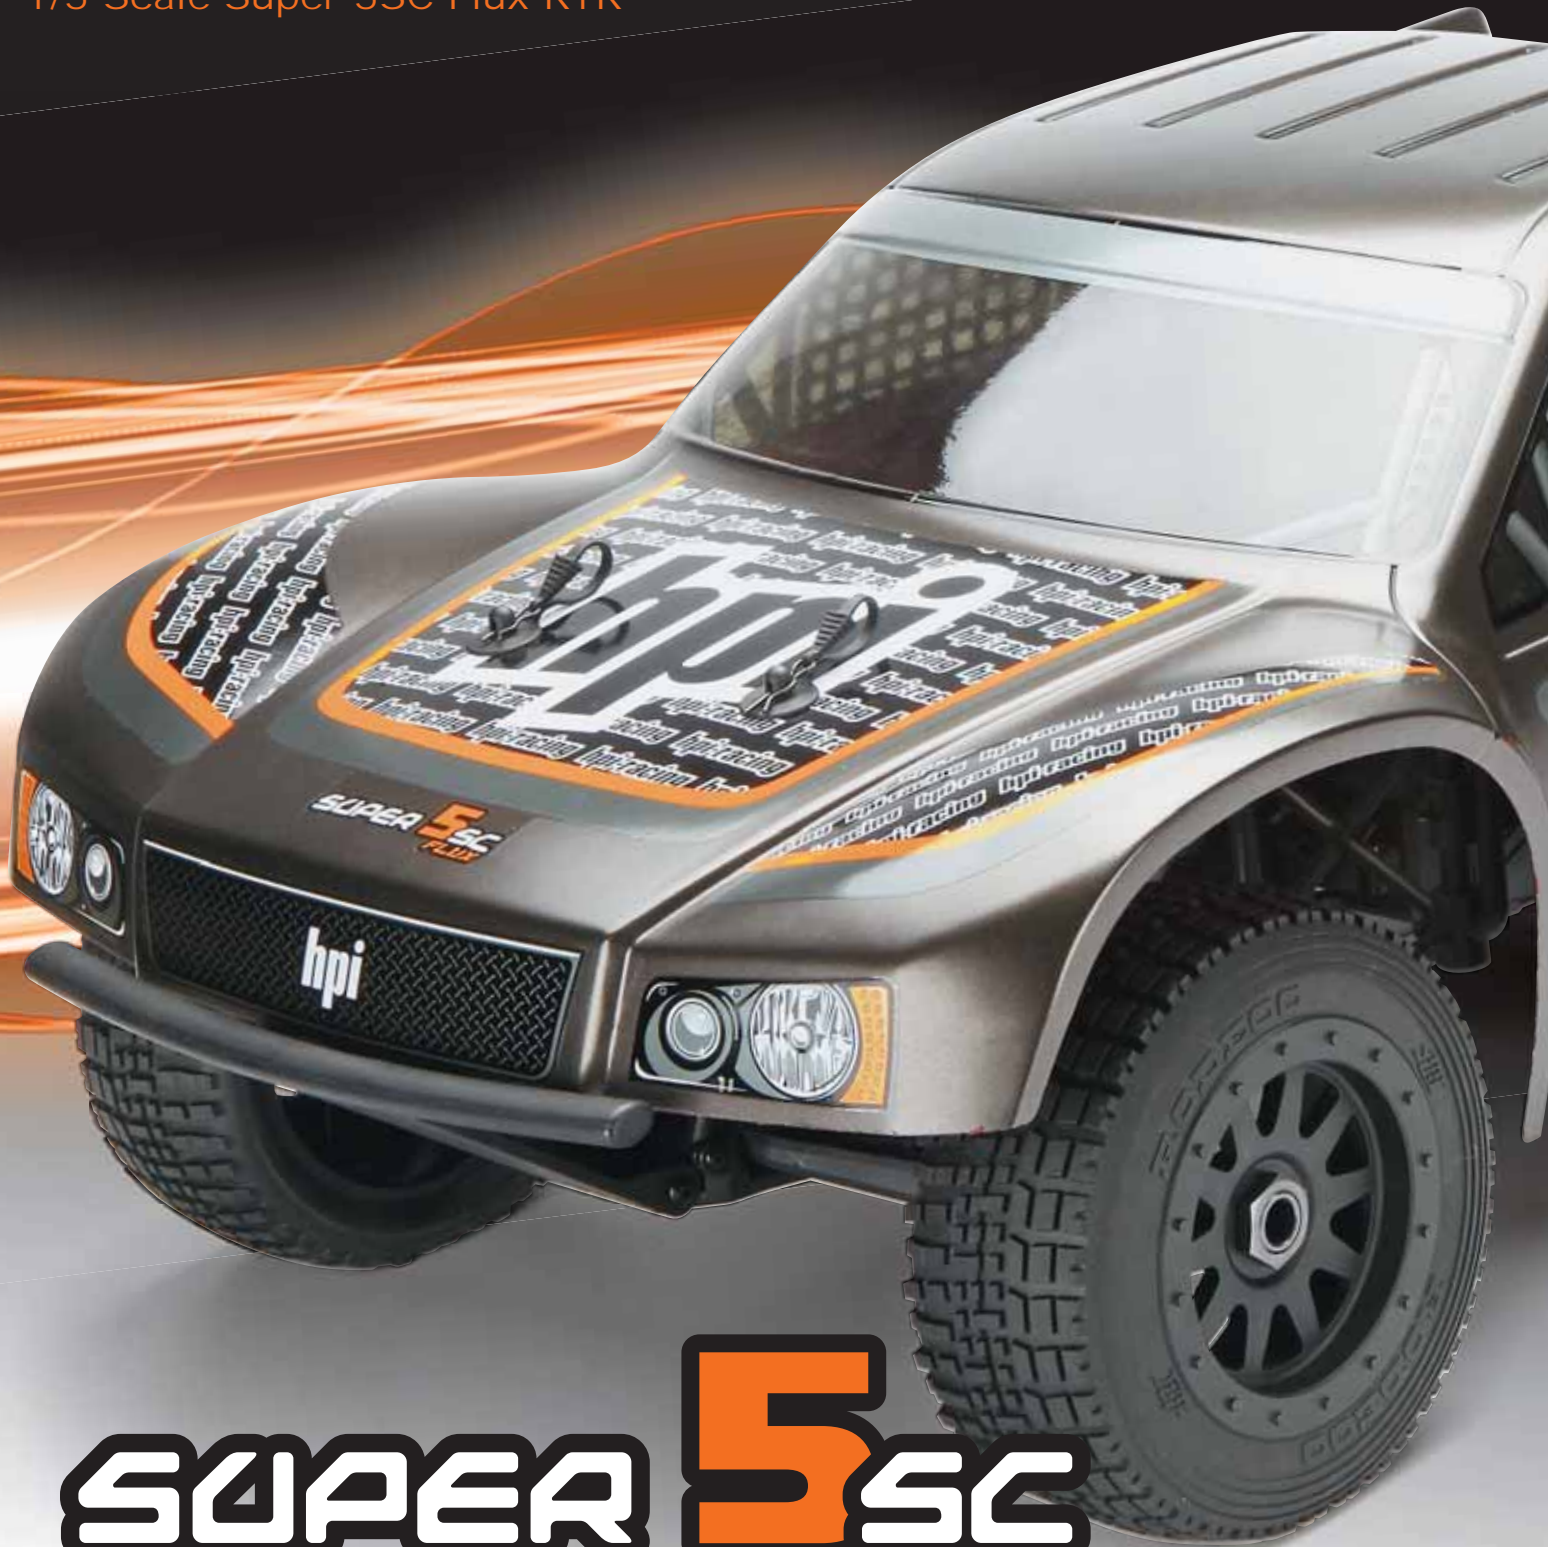

NEW PRODUCT

RULE THE ROAD WITH THE LARGEST

1/5 Scale Super 5SC Flux RTR

www.gpdealer.com

SUPER 5SC FLUX

HPID6258 1/5 Scale Super 5SC Flux RTR
Overall Length: 38.2 in (970 mm)
Width: 17.3 in (440 mm)
Height: 12.6 in (320 mm)
Wheelbase: 22 in (560 mm)

BRUSHLESS RTR TRUCK IN R/C!

Go ahead and dish it out...this truck can take it! The all-metal drivetrain stands up to rough racing action, and bottom chassis skid plates help protect your ride from crashes and hard landings. Silicone oil-filled Big Bore shocks absorb bumps and jumps, and are fully adjustable.

A brushless power system befitting this beast! Massive machined fins allow the FluxTork 2200kV motor to run as cool as it looks. The fully programmable Flux Blur ESC has the capacity to handle twin 3S LiPo packs* — that's up to 6S LiPo power!

*Batteries not included.

Other impressive features you'll find on the Super 5SC Flux RTR:

- Sway bars front and rear
- Center diff
- TF-40 2.4GHz radio system
- Baja 5SC body and bumpers
- HB Rodeo short course tires
- Fully upgradeable with many Savage™ options

Long story short...

At over 3' long, the Super 5SC Flux takes Savage speed and performance to a new dimension!

NEW TRAXXAS SLASH ROB MACCACHREN

Slash™ 2.4GHz 2WD RTR w/TQi™

"Voted 'Best Electric Truck' by the readers of Radio Control Car Action!"

- Aggressive new Mopar/RAM styling
- Officially licensed graphics of TORC Pro 2WD racer and Off-Road Motorsports Hall of Fame member Rob MacCachren!
- Power is provided by an internally cooled Titan® 12T 550 modified motor
- The factory-installed, waterproof XL-5 ESC features reverse and brake modes, plus a Traxxas high-current connector
- Other performance extras include adjustable, oil-filled Ultra Shocks™ with X-ring technology, a brushless-ready Magnum 272™ metal-gear transmission and a Revo®-spec Torque-Control™ slipper clutch
- Comes with a Power Cell 7-cell 3000mAh NiMH battery, AC wall charger and a scale ProGraphix® truck body that's painted and trimmed with factory-applied decals

Equipped with Traxxas' most advanced Ready-To-Race® radio system!

Sleek, ergonomic and loaded with features, the TQi 2.4GHz radio system is the state-of-the-art in interference-free control. In addition to Traxxas Link™, the TQi boasts 30-model memory and comes with a 5-channel receiver. Connect the TQi to an iPhone or iPod touch using the Docking Base (sold separately) and get instant telemetry data and other fine-tuning options*!

*Traxxas Link app must be downloaded separately.

TRAD19** Slash 2.4GHz 2WD RTR w/TQi

Length: 22.4 in (568 mm)
Width: 11.7 in (296 mm)
Height: 8.4 in (214 mm)
Weight: 4.8 lb (2.2 kg)
Front/Rear Track: 11.7 in (296 mm)
Wheelbase: 13.2 in (335 mm)
Ground Clearance: 3.5 in (89 mm)

Long story short...

The Slash 2.4GHz 2WD RTR with TQi is as close as you can get to full-size, fender-to-fender short-course truck racing!

THE SPEED, POWER AND ADRENALINE OF NHRA® DRAG RACING — IN 1/8 SCALE!

1/8 Scale NHRA Funny Car

TRAXXAS

CAPTURE THE TOTAL DRAG RACING EXPERIENCE WITH THE DTS-1!

- Turn any strip of smooth asphalt into your own personal drag strip for staging 1/4-scale (330') quarter mile head-to-head duels
- System includes an authentic-looking starting line Christmas tree with pre-stage and staging lights and speed trap
- Race with authentic NHRA Pro and Sportsman trees
- Dual laser beams determine the winner with millisecond accuracy
- Portable, with quick and easy setup and pushbutton operation

TRAM6570 DTS-1 Drag Timing System

TRAXXAS

Long story short...

With the NHRA Brushless Funny Car and Drag Timing System you can stage realistic drag races almost anywhere; creep up to the starting line, pop the clutch and blow their doors off!

EQUIP YOUR RIDE WITH DIFFERENCE-MAKING TIRES!

Touring Tires

RS Series

- A high-traction tire suitable for high temperature conditions on indoor and outdoor tracks
- Available in 36°, both unmounted and mounted

MX Series

- A great all-around tire featuring Muchmore's original KH rubber formula
- Offers superior control for spec racing
- Available in 24°, 28°, 32°, 36° and 40°, both unmounted and mounted

VQ Series

- The performance you need for high-grip tracks and carpet layouts
- Features a low-profile side wall and Muchmore's KH rubber formula
- Available in 35°, both unmounted and mounted

Nano Tire Compounds

- There's a Nano Tire Compound that's perfect for your favorite track!
- Asphalt formula delivers excellent grip and durability, and is odorless
- Carpet Tire Compound is designed for use on indoor carpet tracks with rubber tires
- Foam Tire Compound for foam tires works on both carpet and asphalt surfaces
- All compounds come in 50ml bottles

See the complete line of Muchmore tires at muchmoreusa.com!

Absolute Closed Cell Touring Car Tire Insert

- Made of high-quality closed cell molded foam

From the Experts:

Backed by extensive research and development and rigorous testing, Muchmore touring tires deliver optimum performance on both carpet and asphalt surfaces. Enjoy exact driving lines on the straightaways, along with precision and stability during cornering. If you're looking for a competitive edge, these are the tires you need to have!

Long story short...

Exceptional traction, durability and braking potential make Muchmore tires your best choice for all levels of competition!

PREMIUM WOOD MAKES YOU A BETTER BUILDER

Revell Wood — Leading Edge,
Trailing Edge and Triangle Stock

- Made from kiln-dried balsa, for an excellent strength-to-weight ratio
- All come in 36" lengths and can be cut easily with a hobby knife
- Stain or paint them to suit any application
- Use Leading and Trailing Edges to fashion airplane wings
- Use Triangle Stock to reinforce corners in fuselages, etc.

RMXR7800 Leading Edge 7/16 x 1-1/16 x 36" (6)
 RMXR7801 Leading Edge 7/16 x 3/4 x 36" (6)
 RMXR7802 Leading Edge 1/2 x 7/8 x 36" (6)
 RMXR7803 Leading Edge 5/8 x 1 x 36" (6)
 RMXR7820 Trailing Edge 3/4 x 36" (10)
 RMXR7821 Trailing Edge 1 x 36" (10)
 RMXR7822 Trailing Edge 1-1/4 x 36" (10)
 RMXR7823 Trailing Edge 1-1/2 x 36" (10)
 RMXR7830 Triangle Stock 1/4 x 36" (20)
 RMXR7831 Triangle Stock 3/8 x 36" (20)
 RMXR7832 Triangle Stock 1/2 x 36" (20)
 RMXR7834 Triangle Stock 3/4 x 36" (10)

www.gpdealer.com

Long story short...

Your scratch-built airplane project will go quicker and look better when you use Revell balsa wood!

YOUR "SECRET WEAPON" FOR WINNING!

Black Ops Fuels

- Only the highest quality nitromethane and methanol are used, with lubricants produced exclusively by Klotz
- Off-Road is designed specifically for truggies, buggies and monster trucks, using special lubricants that combat harsh dusty environments
- Protekk is the ultimate basher fuel, with a MaxLife lubricant package that offers maximum engine life and performance
- Pro-Race is for all-out racing, both on-road and off, featuring a 20% nitro/10% oil package
- All are available in gallon and quart bottles

CATP5170 Black Ops Off-Road Fuel 20%N 12%O Gal.

WILDCAT R/C PRODUCTS

the really **big** ARF rebate

GET AMAZING ARFS AND FANTASTIC FREE MERCHANDISE!

There's no better way to kick off the R/C flying season than with a new ARF — and now you can get FREE MERCHANDISE too! The Really Big ARF Rebate includes 75 top-of-the-line airplanes, and when you purchase one by August 31, 2012, you'll be eligible to receive a certificate worth UPTO \$50 towards quality R/C products from over 30 popular brands!

With 75 ARFs to choose from — including electrics, glow-powered, sport models, aerobats, warbirds and giant scale — you're sure to find your favorites from top brands such as Great Planes®, ElectriFly®, Hobbico® and Top Flite®. And just imagine what you can do with a merchandise certificate worth up to \$50!

Visit your participating hobby retailer NOW and get more than just a great ARF model: get quality R/C merchandise for FREE!

We can't show you all the ARFs featured in this event here.

To see the complete list, go to BestRC.com and click on the Really Big ARF Rebate banner. You'll also find all the information about the event, as well as a downloadable Merchandise Certificate request form.

GET OUT AND FLY!

Tx-R™ TRANSMITTER-READY

The planes featured on this endcap all share something very exciting: they're Transmitter-Ready, which means you can fly any of them with YOUR radio when you have an AnyLink™ adapter!

Ask your hobby retailer to show you the Tactic AnyLink. When you consider the convenience and flexibility of AnyLink, along with the wide variety of Tx-R planes, you'll want to get more than just one!

This is the "little black box" that makes it all happen!

ANYLINK™

- Plugs right into your transmitter
- Compatible with nearly any transmitter, regardless of band, modulation or manufacturer — including Futaba®, Hitec®, JR® and Spektrum®
- Sends out a true, dependable, interference-free 2.4GHz signal
- Allows you to fly a variety of aircraft without having to buy additional radio systems

Shown at actual size.

TACJ2000 AnyLink 2.4GHz Radio Adapter

Fly any of these exciting models and more with your transmitter and AnyLink:

FLZA3012 Flyzone™ Sensei™ Sport Trainer Tx-R
 FLZA4312 Flyzone Focke-Wulf Fw 190 Tx-R
 FLZA4302 Flyzone Cessna® 350 Corvalis™ Tx-R

FUEL YOUR SUMMER RACING FUN WITH O'DONNELL!

When you see an endcap like this at your local hobby shop, don't walk on by!

O'Donnell Racing Fuels are known the world over as the standard by which all other fuels are measured. The way to prove it to yourself is to try it, so tell your hobby retailer what kind of R/C cars and conditions you favor, and let him recommend the O'Donnell Racing Fuel that's right for the way you roll. You'll see why O'Donnell Racing Fuel is called the "game-changer"!

Racing is always more fun when you win!

TURN HERE FOR GENERAL HOBBY PRODUCTS

BEAT THE HEAT WITH THIS

Easy to Assemble **E2X**

No paint or special tools are required. Parts are painted and easy to assemble. Just glue together, apply decals and attach the recovery system.

All include recovery parachutes. All require engines, a launch system, recovery wadding, igniters and igniter plugs. **V2** also requires a 3/16" Maxi™ Launch Rod.

Skill Level **3**

Second tier of more advanced kits; most feature complex designs which require greater building experience. Assembly may take up to a few days.

Recommended for ages 10 and up. Adult supervision is recommended for rocketeers under 12.

Silver Streak™

Sized right, for outta-sight flight.
 Max. Altitude: 575 ft (175 m)
 Height: 10 in (25.4 cm)
 Skill level: E2X
 ESTT24342434

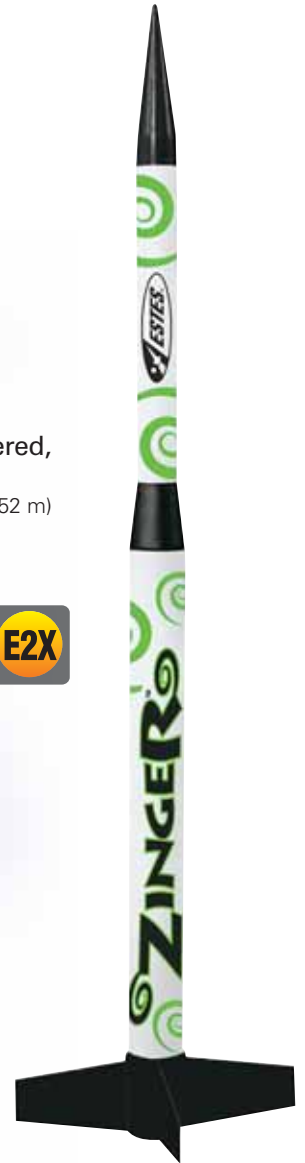

Easy to Assemble **E2X**

Zinger™

Mini engine-powered, for fast flying fun.
 Max. Altitude: 500 ft (152 m)
 Height: 15 in (38 cm)
 Skill level: E2X
 ESTT24332433

Easy to Assemble **E2X**

NEAT FLEET!

Freefall™

A parachuting skydiver sets it apart.

Height: 22.4 in (56.9 cm)

Skill level: 3

ESTT3228 3228

Skill Level **3**

Long story short...

Model rocketry is more popular than ever. Estes makes it easy to get involved with this exciting roster of rockets!

1/35 SCALE U.D.T. BOAT & FROGMEN

Fight with the "Frogmen."

Underwater Demolition Teams were established by the U.S. Navy in 1942 to seek and destroy obstacles left behind by enemy troops. U.D.T. troops were specially trained combat swimmers who could perform tasks like breaching cables and planting limpet mines on enemy boats. Many methods used to train these "Frogmen" are now used to train today's U.S. Navy SEALs! **Kit features** a full-hull Underwater Demolition Team boat with a side raft pick-up unit and display stand, five "Frogmen" figures with air tanks, two sailor crew figures and decals with authentic U.S. Navy graphics.

RMXS0313 Total parts: 63 Skill level 2 Length: 11 in (279 mm)

1/48 SCALE AH-1F™ COBRA™ GUNSHIP

Fast, effective air support.

Favored by the U.S. Army, the AH-1F Cobra is a purpose-built attack heli with extreme firepower. Its nose-mounted, 20 mm Gatling gun delivers devastating destruction with extreme accuracy. **Kit features** a moveable, nose-mounted Gatling gun, side-mounted mini-guns, side-mounted rocket pods, Weapons Officer and pilot figures, plus decals for 1. AH-1F Cobra, 67-15771, First Air Calvary, C Troop "Jaws of Death;" 2. AH-1F, 67-15883 "Trigger and Boomer's Excellent Adventure, Operation Desert Storm and 3. AH-1F, 67-15843, N Troop, 4th Squadron, 2nd Armored Cavalry Regiment, U.S. Army, Iraq, 1991.

RMXS5321 Total parts: 79 Skill level 2 Length: 11.5 in (292 mm)

1/24 SCALE GMC® PICKUP & SNOW PLOW

Four wheel drive-equipped, for wintry weather.

A snow plow mounted to the front of a pickup truck is a common sight every winter. Featuring four wheel drive and a 350 cubic inch V-8 engine, it doesn't take long for this GMC pickup to clean driveways. High-mounted driving lights help guide the way when darkness falls. **Kit features** a fully detailed snow plow, a detailed pickup bed, a mounted roll bar with driving lights, a four wheel drive suspension, separate frame pieces, soft black tires, chrome-plated parts and decals with stock and custom graphics.

RMXS7222 Total parts: 103 Skill level 2 Length: 8.1 in (205 mm)

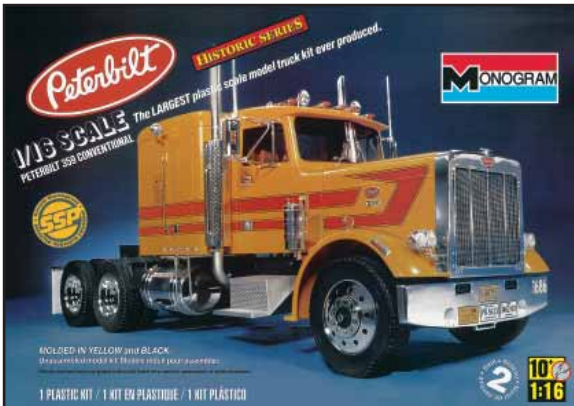

1/32 SCALE HAWK MISSILE SSP-RENVAL®

Accurately scaled from U.S. Army Ordnance blueprints.

Publicly introduced in October of 1957, the Hawk Missile system was a low-altitude, medium-range surface-to-air missile developed to destroy aircraft and in-flight missiles. The Hawk's ability to seek out and defeat enemy aircraft was the result of its highly advanced radar, which was housed in the missile guidance system. **Kit features** three Hawk missiles, complete mobile radar and missile trailers, four crew member figures and decals with authentic U.S. Army graphics.

RMXS7813 Total parts: 103 Skill level 2 Length: 8.5 in (216 mm)

1/16 SCALE PETERBILT® CONVENTIONAL 359 SSP
Tough. Reliable. Everything a Peterbilt should be.

Found on highways all across the U.S.A., Peterbilt trucks are universally recognized as the best in the business. The classic Conventional 359 is powered by a diesel V-8 engine situated between two strong frame rails. An exclusive "Air-Trac" suspension provides a variable spring rate, resulting in an ultra-smooth ride. **Kit features** a pivoting hood with full engine detail and dual rail ladder frame construction, dual exhausts, horns, mud flaps, large outside mirrors, soft black tires, chrome-plated parts and decals with authentic markings and custom graphics.

MONS2500 Total parts: 258 Skill level 2 Length: 20 in (508 mm)

1/25 SCALE 2004 CORVETTE® Z06™
Modified for maximum power.

Tricked-out with racing refinements, the Corvette Z06 debuted in 1963. Only 199 first-gen Z06s were produced, making them highly collectible. The Z06 returned to the scene in 2001 as a fixed-roof coupe. The 2004 model was powered by a specially modified small-block that produced 405 hp at 6,500 rpm. **Kit features** a detailed chassis with a Z06 drivetrain and a unique rear transmission, a fully detailed engine, a hinged hood, a full interior with trunk area, soft black tires, chrome-plated parts and decals with authentic stock graphics.

MONS4029 Total parts: 116 Skill level 2 Length: 7.1 in (181 mm)

1/24 SCALE '70 BUICK® GSX™
A true-blue muscle-car classic.

While it is usually considered a luxury car brand, Buick has produced several exceptional muscle cars over the years. The 1970 Buick GSX was a true-blue muscle car in looks and performance. Drivers could choose from yellow or white bodies, each with its own distinctive stripe package. **Kit features** a detailed 455 cubic-inch V-8 engine with a cold-induction air cleaner and a hood-mounted tach, a fully detailed suspension with a dual-exhaust system, a separate rear spoiler, soft black tires, chrome-plated parts and decals with authentic stock and colorful GSX graphics.

MONS4030 Total parts: 86 Skill level 2 Length: 8.4 in (213 mm)

1/24 SCALE TOM DANIEL '55 CHEVY® BADMAN®
Tom Daniel's craziest creation yet!

With its powerful 283 cu. in. V-8 engine, sleek body lines and solid construction, 1955 Chevy hardtop is one of the most popular stockers of all time. Few cars have become as iconic to automotive enthusiasts. Now, Tom Daniel has transformed this American classic into his craziest custom creation yet – the '55 Chevy Badman! **Kit features** a chopped-top body with a supercharged engine and an opening hood, a straight tube front axle, ladder-type traction masters, soft black tires, chrome-plated parts and decals with Tom Daniel-designed Badman graphics.

MONS4904 Total parts: 74 Skill level 2 Length: 8.1 in (206 mm)

1/144 SCALE F-16C USAF

Unlimited combat capabilities.

The F-16 ranks as one of the world's most versatile fighter aircraft. It's a multi-role combat system that's as cost-effective as it is highly available. Consistent development has allowed the F-16's mission profiles to expand over the years. The F-16C Block 50/52 – also known as the "Wild Weasel" – was built to counter enemy anti-air defenses. To do this, the F-16C is equipped with the AGM-88 HARM electronic target-acquisition system. The U.S. Air Force regularly adds other armaments, which are attached to the F-16C's seven external weapons stations.

RVLS3992 Total parts: 65 Skill level 3 Length: 4 in (101 mm)
Wingspan: 2.6 in (66 mm)

1/72 SCALE B-17F "MEMPHIS BELLE"

WWII's most famous strategic bomber.

The "Memphis Belle" was delivered to the 324th Bomber Squadron on July 15, 1942. She became the first U.S.A.A.F. bomber to survive twenty-five missions in Europe! **Kit features** four detailed radial engines, a rotating MG turret, a tail-end MG, four bombs, bomb bay racks, a detailed cockpit with consoles and an instrument panel, individual seats, a detailed radio operator/navigator's position with a bomb sight and nose seat, detailed landing gear, decal sets for two U.S.A.A.F. versions of the "Memphis Belle" and "The Shamrock Special" and much more.

RVLS4279 Total parts: 235 Skill level 5 Length: 12.8 in (325 mm)
Wingspan: 17.3 in (440 mm)

1/72 SCALE SEA KING MK. 41 (45 YEARS OF SAR)

Outfitted for search-and-rescue superiority.

Germany's MFG 5 (Naval Wing 5) has used the Sea King since 1975. In 2003, the group decorated their Sea Kings with a special livery to celebrate the 45th anniversary of search-and-rescue missions. **Kit features** a detailed cockpit with instrument panel, a detailed interior/cargo area, four Skua guided weapons, launcher frames, a sliding door with a choice of two mounting positions, movable rotors, nose and fuselage radomes, antennas, sensors and a super decal set with markings for a 45th anniversary of SAR helicopter from 2003 and a Sea Skua version.

RVLS4899 Total parts: 152 Skill level 4 Length: 9.5 in (242 mm)
Rotor dia.: 10.4 in (263 mm)

1/24 SCALE AUDI® A4 DTM 2011 "M. ROCKENFELLER"

2011's victorious DTM racer.

2009's revised DTM rules prohibited Audi from making any substantial alterations to its successful A4 for the 2011 season. As a result, Audi placed minor mods on a car that was already near-perfect. These changes helped Mike Rockenfeller earn a 6th-place rank that season, securing a team victory for Abt Sportsline. **Kit features** a multi-part 8-cylinder engine, a detailed cockpit with a multi-part roll bar, a removable hood, a true-to-the-original rear spoiler, a detailed wheel suspension, authentic tires, rims and air deflectors; rotating wheels, chrome parts and authentic sponsor decals.

RVLS7086 Total parts: 126 Skill level 4 Length: 8 in (204 mm)

1/24 SCALE MERCEDES-BENZ® BANK AMG C-KLASSE DTM 2011 "B. SPENGLER"

Hot. Fast. Built to win.

The current generation of C-Klasse racers was in development for 9 months, ensuring optimum performance. Driver Bruno Spengler has taken advantage of the car's high performance as 2007's most successful HWA pilot. For the 2011 season, Spengler finished 3rd overall with 51 points, making him the year's highest-ranked Mercedes team driver.

Kit features a multi-part 8-cylinder engine, a detailed cockpit with a multi-part roll bar, a removable hood, a true-to-the-original rear spoiler, a detailed wheel suspension, authentic tires, rims and air deflectors; rotating wheels, chrome parts and authentic sponsor decals.

NEW RELEASES

1/72 SCALE E-2C HAWKEYE "VAW-126 SEAHAWKS"

Carrier-launched, with advanced avionics.

Based in Norfolk, Virginia, Carrier Airborne Early Warning Squadron 126 (VAW-126) first deployed from the U.S.S. Harry S. Truman (CVN-75) in November, 2000. In 2006, the squadron transitioned to the advanced E-2C Hawkeye 2000 (HE2K) platform. This limited edition **kit features** new under-fuselage panel parts and three marking options: 1. U.S. Navy U.S.S. Harry S. Truman, VAW-126 "Seahawks," Code: AC601, May 2011; 2. U.S. Navy U.S.S. Harry S. Truman, VAW-126 "Seahawks" CAG, Code: AC600, Aug. 2008 and 3. U.S. Navy U.S.S. Harry S. Truman, VAW-126 "Seahawks," Code: AC602/603, June 2010.

1/200 SCALE ANA® BOEING® 787-8

The definitive Dreamliner®.

The Boeing 787 Dreamliner marks a turning point in commercial air travel. The 787 is among today's most fuel-efficient aircraft, consuming 20 percent less energy than the popular 767. It is constructed of composite materials throughout, making the 787 far lighter than other similarly-sized aircraft. All Nippon Airways® received its first 787-8 in September, 2011, with 33 more to come. **Kit features** new tooling, parts for building a display stand and two marking options: 1. ANA, 1st production, Code: JA801A, Oct. 26, 2011 and 2. ANA, 2nd production, Code: JA802A.

1/72 SCALE B-239 BUFFALO "FINNISH AIR FORCE ACES COMBO"

Honoring Finland's finest fighters.

The U.S. exported the B-239 Buffalo to Finland in 1939. The Buffalo's maneuverability made it a hit with Finnish pilots. Lt. Hans Wind was Finland's top-scoring B-239 pilot, with 75 combat kills. This limited edition **kit combo features** two 1/72 scale B-239 Buffalo models, as well as three marking options: 1. Finnish A.F. 3/LeLv 24, Lt. Hans Wind, Orange 9: BW-393, Sept. 1943; 2. Finnish A.F. 3/LeLv 24, Sgt. Nils Katajainen, Orange 1: BW-368, March 1942 and 3. Finnish A.F. 2/LeLv 24 Master Sgt. Eero Kinnunen, White 2: BW-352, Sept., 1942.

Skill level 3

1/72 SCALE NAKAJIMA B5N1/2 TYPE 97 CARRIER ATTACK BOMBER (KATE) MODEL 1/3 COMBO

Japan's legendary WWII torpedo bomber.

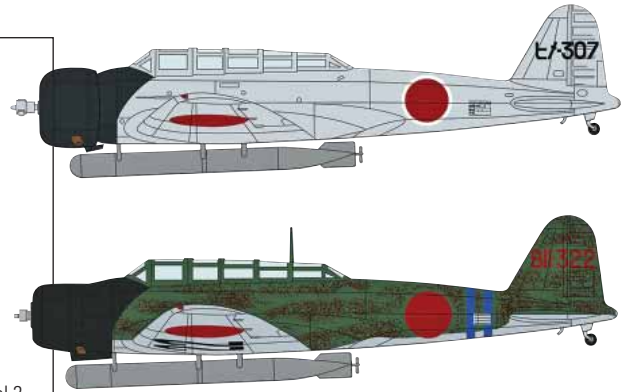

The Nakajima B5N was introduced in 1937, replacing the I.J.N.'s aging Yokosuka B4Y. The B5N's incredible speeds and nimble performance made it an Allied adversary during WWII. The I.J.N. used B5Ns in the Attack on Pearl Harbor, as well as the sinking of the Yorktown, Lexington and Hornet aircraft carriers. This limited edition **kit combo features** three marking options: 1. I.J.N. Himeji N.F.G., Code: Hime-307, 1943-44; 2. I.J.N. Pearl Harbor attack group NAP2/C, Hiroyuki Kudo, Code: BII-322, December 8, 1941, Carrier Hiryu and 3. I.J.N. Usa N.F.G., Code: Usa-317, 1943-44.

1/72 SCALE SU-27 FLANKER "SHARK TEETH"

Fly-by-wire ferocity.

Sukhoi® started developing the Su-27 in 1969, as a response to the U.S. Air Force's F-15 Eagle. It was the Soviet Union's first jet aircraft to use a fly-by-wire control system, making the Su-27 incredibly agile and easy to control at any speed or angle. While upgraded versions are still in service, the Su-27 will soon be replaced by the PAK FA in 2013. This limited edition **kit features** two marking options: 1. Russian Navy, 689th GvIAP, Code: 01, 2003 and 2. Russian Air Force 23rd IAP, Code: 56, 2002.

1/48 SCALE UNMANNED SPACE PROBE VOYAGER

Celebrating 35 years of interstellar exploration.

Development of both Voyager probes began in the early 1970s. Voyager 1 and Voyager 2 were designed to collect data about the outer planets (Jupiter, Saturn, Uranus and Neptune). One important discovery was the first detailed pictures of the outer planets. Nearly 35 years after they were first launched, each probe continues to transmit important scientific data on the outer limits of our solar system to NASA®. **Kit features** all-new tooling, parts for a globe-style display stand and marking options for both Voyager 1 and Voyager 2.

1/48 SCALE MITSUBISHI® A6M5A ZERO FIGHTER TYPE 52 KOH "FIGHTER BOMBER"

Outfox the Allies.

As American warbirds grew in firepower and speed, the Imperial Japanese Navy sought similar aircraft. One result of this search was the upgraded A6M5a Zero Type 52, which sported non-folding wing tips for faster diving and climbing. Today, many experts consider the A6M5a version to be the best Zero of all. This limited edition **kit features** new 250 kg bomb parts and two marking options: 1. I.J.N. 653rd N.F.G., 166th F.S.Q., Code: 653-207, Oita A.B., Sept.-Oct. 1944 and 2. I.J.N. 653rd N.F.G., 166th F.S.Q., Code 653-222, Oita A.B., Sept.-Oct. 1944.

07304 HSGS7304 (Limited Edition) Total parts: 75 Skill level 3

1/48 SCALE J-35S DRAKEN "FINNISH SPECIAL"

The formidable Finnish fighter.

Introduced in 1960, the Draken was a highly capable, Cold War-era fighter that was still flying as late as 2005. The Draken's distinctive "double-delta" configuration – in which one delta wing lies within a larger delta – allowed for equal stabilization during high- and low-speed flight. This limited edition **kit features** new engine nozzle parts and one marking option: 1. Finnish A.F., HävLLv 11, last flight (special marking), Code: DK-215, 2000.

07305 HSGS7305 (Limited Edition) Total parts: 111 Skill level 3

1/32 SCALE FOCKE-WULF FW 190A-5 "NOWOTNY"

The Luftwaffe's leading ace.

In his five-year career, Walter Nowotny made his mark as a leading Luftwaffe flying ace. While he was stationed with Jagdgeschwader 54 (JG 54), Nowotny scored the majority of his combat "kills." When JG 54 transitioned to the fast and nimble Focke-Wulf Fw 190A, there was no turning back. Nowotny averaged two or more "kills" a day with the Fw 190. By October of 1943, Nowotny had earned 250 victories! This limited edition **kit features** one marking option: 1. Luftwaffe I./JG 54 Kommandeur Hauptmann Walter Nowotny, Russia, Oct. 1943.

AMT® 1/25 Scale Firestone® Deluxe Champion Tire Pack

Hop-up your factory stock or early custom models.

Harvey Firestone founded the Firestone Tire and Rubber Company in 1900. It was among the first American companies to mass-produce tires for buggies, wagons and early automobiles. This humble company started in Akron, Ohio, with only twelve employees. Today, Firestone is based in Nashville, Tennessee, in conjunction with Bridgestone®. **Kit features** eight newly tooled, pad-printed Firestone "Deluxe Champion" vinyl tires. Wide and narrow whitewall styles are included. Black sides feature engraved and pad-printed Firestone markings.

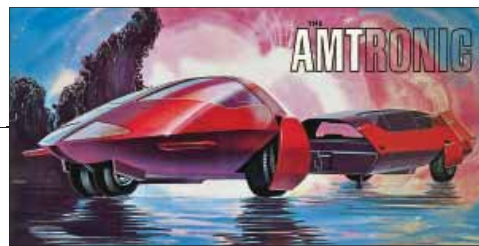

AMTPP002/24 AMTS0002

AMT® 1/25 Scale Retro Deluxe™ AMTronic™

A cool retro "car of the future!"

Introduced in 1969, the AMTronic combined innovative engineering with "Space Race" optimism. This two-in-one vehicle featured a front section with a rear station wagon module for short-range transport. The long-range transport version was attached to a magnetic rail system that launched the AMTronic into extreme speeds. **Kit features** "Retro Deluxe" vintage reproduction packaging, opening doors, turning wheels, a lenticular "solar panel," a full-color cardboard backdrop with plastic snap-on guide rails and support arms and a choice of clear or green windows.

AMT755/12 AMTS0755 Total parts (approx.): 150 Skill level 3

AMT® 1/25 Scale USA-1 2010 Chevy® Camaro™ SS/RS Coupe

Stars and stripes abound.

Everett Jasmer's USA-1 monster truck dominated the demo derby circuit during the 1980s and 1990s – much as the Camaro has dominated the muscle car scene since the late 1960s. This 2010 Chevy Camaro Coupe pairs sleek styling with the USA-1's patriotic paint scheme! The SS comes with a manual or automatic transmission, as well as a powerful V-8 engine. The RS package adds grey 20-inch (51 cm) wheels, a modified spoiler and RS badges. **Kit features** easy assembly, all-new tooling, vinyl seats and tires, chrome parts and USA-1 decal markings.

AMT778/12 AMTS0778 Skill level 2

Moebius® Models 1/8 Scale Bela Lugosi as Broadway's "Dracula" Deluxe Edition

The iconic role that made Lugosi a star.

Bram Stoker's classic novel Dracula was published in 1897, and, almost instantly, it became the subject of stage and film adaptations. Without a doubt, the most famous Dracula of them all will always be Bela Lugosi, who first played the part on Broadway in 1927. After terrifying audiences in his first English role, Lugosi would portray the undead Count in Todd Browning's celebrated 1931 film. This deluxe edition **kit features** a Bela Lugosi figure, a female victim and a display base with additional parts. Officially licensed by the Lugosi estate.

904 MOES0904 Skill level 3

Moebius® Models 1/6 Scale Battlestar Galactica® Cylon Centurion

A sci-fi fan favorite comes to life.

Cybernetic Lifeform Nodes, or Cylons, are the robotic foes featured in both versions of "Battlestar Galactica." On the 2004 "reboot," the militaristic Centurions are often referred to as "toasters," due to their shiny metal appearance. With their heavy armor, bladed fingertips, oscillating red eyes and retractable guns, Centurions have only one purpose: destroying humans. Luckily, the Colonial Fleet – with Commander Adama in charge – is ready to take on its mechanical foes. **Kit features** a display base. Assembly requires paint and glue.

917 MOES0917 Skill level 3

Moebius® Models 1/25 Scale The Dark Knight® Tumbler

Catch criminals with the Caped Crusader.

Batman® has been one of the most popular comic book superheroes since his first appearance in "Detective Comics #27" in 1939. His popularity reached a new peak, however, with the release of Christopher Nolan's "The Dark Knight" in 2008. It starred Christian Bale as Batman, while the late Heath Ledger portrayed the Joker. The film was a box-office champ and a critical success, earning over \$1 billion and winning two Oscars®. **Kit features** a detailed interior. Paint and glue required for assembly.

919 MOES0919

Moebius® Models 1/25 Scale Great Dane® 53-Foot Trailer

An eye-catching add-on for 1/25 scale semis.

In the early 1940s, Great Dane produced the first refrigerated reefer trailers. The brand's enduring reputation for excellence made it an industry icon. Today, Great Dane is the world's largest trailer company, with nine factories producing over 60,000 trailers per year. While dry freight vans and refrigerated reefers remain the brand's bread and butter, Great Dane continues to revolutionize the industry with revolutionary sealants, puncture-proof liners and corrosion-resistant coatings. **Kit features** the choice of building the trailer as a dry goods box or as a reefer for hauling frozen goods.

1302 MOES1302 Total parts (approx.): 100 Skill level 3

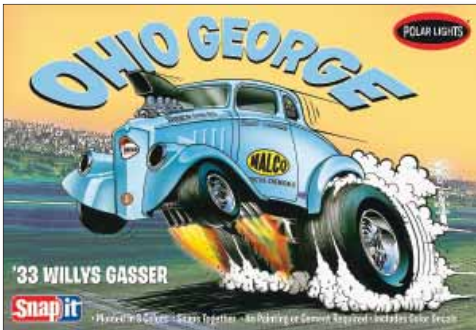

MPC® 1/25 Scale Yellow Submarine

Save Pepperland from the Blue Meanies.

1968 marked two milestones for the Beatles. The first was the animated film, "Yellow Submarine." This revolutionary, psychedelic animated film took the Fab Four on a quest to save Pepperland from the music-hating Blue Meanies. The film was a modest hit at the box office, and became a cult classic over the next few decades. As for the second milestone of 1968, it was – all together now – the legendary "White Album." **Kit features** yellow plastic molding, opening doors, wind-up propeller action, a plastic Beatles display and an expanded decal sheet.

MPC779/12 MPC50779 Skill level 2 Length: 9.3 in (236 mm)

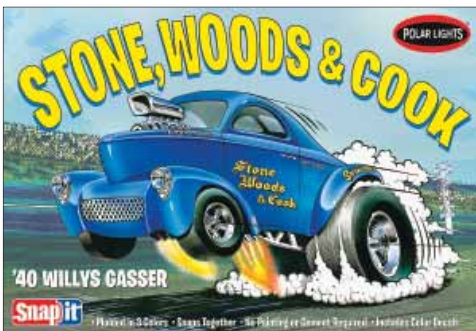

Polar Lights® 1/32 Scale '33 Willys Snap Dragg'n

A hilarious take on an automotive classic.

The Willys auto company is most famous for introducing the Jeep® during World War II. However, there is more to this brand than meets the eye. Willys also produced popular cars like the Willys 77, the Willys-Knight and the Willys Americar throughout the 1930s and 1940s. Today, all of these cars live on as tricked-out hot rods, with speed and style to spare. **Kit features** easy SNAP-IT™ snap-together assembly, painted plastic parts, a "lunging" speed pose, chrome parts, a display base and waterslide decals. No painting or gluing is required.

POL890/12 PLLS0890 Skill level 1

Polar Lights® 1/32 Scale '40 Willys Snap Dragg'n

An easy to build "Americar" for all ages.

Willys-Overland Motors produced the Americar from 1937 through 1942. The Americar was produced in multiple forms during its lifetime, including a 2-door coupe, a 2-door pickup truck, a 3-door station wagon and a 4-door sedan. The Americar was popular when it was originally released, and it's grown in stature as the popularity of hot rods continues to rise. **Kit features** easy SNAP-IT™ snap-together assembly, painted plastic parts, a "lunging" speed pose, chrome parts, a display base and waterslide decals. No painting or gluing is required.

POL891/12 PLLS0891 Skill level 1

Testors® 1/12 Scale Yamaha® RX-1 Snowmobile

Four-stroke power. All-out performance.

Yamaha introduced the RX-1 snowmobile in 2003. The RX-1 has the honor of being the first four-stroke snowmobile built for all-out performance. In 2006, Yamaha won the WPSA Snowcross Championship, becoming the first brand to take home the trophy with a 4-stroke equipped snowmobile. This easy-to-assemble **kit features** screw-together assembly and painted plastic parts – including a detailed body with authentic Yamaha logos. Kit includes a screwdriver. No paint or glue is required.

Testors® 1/144 Scale Lockheed® F-35A Lightning II

The U.S.A.F.'s compact combat aircraft.

The F-35 Lightning II shares its name with two of history's most celebrated aircraft: WWII's twin-prop P-38 and the English Electric Lightning jet fighter. The fifth-generation F-35 took its first flight in December of 2006, and several variants soon followed. The first variant – the F-35A – is the lightest and smallest of all, with a 25 mm GAU-22/A cannon that's intended for use against ground targets. **Kit features** easy, screw-together assembly and detailed, painted plastic parts. A screwdriver is included. No paint or glue is required.

650039 TESS0039 Total parts: 10 Skill level 1

Testors® 1/180 Scale F-117 Nighthawk

Distinctively shaped, for stealth superiority.

The single-seat, twin-engine F-117 Nighthawk's distinctive shape wasn't just for show; it was a way to deflect radar signals away from enemy aircraft. Dual non-afterburning GE® F404-F1D2 turbofan engines made the F-117 capable of speeds up to 617 mph (993 km/h). It also featured a digital avionics suite, a thermal imaging infrared targeting system and laser-guided bombs. The U.S. Air Force retired the F-117 Nighthawk in April of 2008. **Kit features** easy, screw-together assembly and detailed, painted plastic parts. A screwdriver is included. No paint or glue is required.

650040 TESS0040 Total parts: 8 Skill level 1

Testors® 1/380 Scale B-2 Spirit

The stealth-equipped airshow favorite.

Also known as the Stealth Bomber, the B-2 Spirit can drop up to sixteen 2,400 lb. (1,100 kg) B83 nuclear bombs or up to eighty 500 lb. (230 kg) JDAM GPS-guided bombs. It is currently the only aircraft that is equipped to handle large air-to-surface standoff weapons while in stealth mode. Today, twenty B-2s remain in exclusive service with the U.S. Air Force, and they frequently appear at air shows. **Kit features** easy, screw-together assembly and detailed, painted plastic parts. A screwdriver is included. No paint or glue is required.
