Speed R2101 Engine

A BIG boost in performance for 1/8 scale on-road!

Take the winning heritage of the 21XZ-R, combine it with the 21XZ-B's superb features and what do you get? The Speed R2101: the top choice for 1/8 scale on-road!

Its specially designed 7+3 port cylinder liner ensures smooth acceleration, great power and improved economy. The DLC coated crankshaft comes with pressed-in weights and is silicone-potted. The crankcase is a new design that provides efficient fuel flow from intake to exhaust.

Sporting laser-etched Speed Tuned graphics, the Speed R2101's machined outer head results in improved cooling and a lower center-of-gravity.

FEATURES:

- Shares many of the 21XZ-B's extraordinary features, applied to competitive on-reading.
- Builds on the winning heritage of the 21XZ-R.
- Newly designed 7+3 port cylinder liner ensures smooth acceleration, great power at maximum rpm and improved fuel mileage.
- DLC coated crankshaft, pressed-in weights and silicone-potted.
