Tessmann Has "Double Double" Wins at 2014 Dirt Nitro Challenge

Ty Tessmann wowed the crowds at this year's Dirt Nitro Challenge in Phoenix, AZ, being the first driver to get "double double" wins in the 1/8 Pro Buggy and Truck classes...for the second time.

Ty won his first Dirt Nitro Challenge double in 2012. He's also won the 1/8 Pro Truck class three consecutive times – a feat no other driver has achieved!

At this year's race, Ty raced in three classes: 1/8 Pro Buggy, 1/8 Pro Truck and 1/8 Pro Electric Buggy. He took the TQ in qualifying runs for the 1/8 Pro Truck race and scored 2nd in the 1/8 Pro Buggy class.

Of course, Ty's impressive wins wouldn't have been possible without the O.S. 21XZ-B Speed Spec II. Its combination of trophy-taking performance and legendary O.S. durability helped push Ty to the top spot at the winner's circle.

O.S. would like to congratulate Ty Tessmann on his game-changing season!
