

# Metal Carrying Cases

Metal Carrying Case 4PX

Metal Double Transmitter Case

## The ideal way to safeguard valuable radio gear

For premium protection and carrying convenience for sophisticated radio equipment, Futaba offers two durable, great-looking options. Both cases are constructed with quality materials for years of dependable service and provide secure storage and transport for electronic components.

### Metal Double Transmitter Case Features:

- Due to customer demand, the Metal Double Transmitter Case is back!
- A stand-up design with foam padding on the sides, top and bottom
- A center divider for holding two transmitters
- Additional storage for chargers, batteries, tools and accessories
- Measures 17.6”L x 7.9”W x 9.6”H (448 x 200 x 245 mm)

### 4PX Metal Carrying Case Features:

- Foam-lined with cutouts to exactly fit the contours of the 4PX transmitter; extra cutouts hold receivers, servos and other items
- Exterior is a handsome black brushed aluminum finish with red trim, rounded corners, carrying handle and lockable lid with two keys
- Plastic feet on the bottom and back allow the case to be placed upright or laid down without scratching
- Measures 14.6”L x 9.8”W x 8.3”H (370 x 250 x 210 mm)
