## 1/8 scale size, 60+ mph speeds!

Get behind the wheel of Ken Block's "Intergalactic" 2015 Ford® Fiesta ST RX43! You can count on the Flux Vektor 4000kV brushless motor for instant acceleration and 60+ top speeds, while the Flux Vapor Pro ESC has what it takes to handle today's most powerful 2S and 3S LiPo batteries.

The 3 mm aluminum chassis is built to last; the double wishbone suspension is fully adjustable; rally-style suspension geometry, custom-designed shock towers and extra-thick sway bars combine with tough bevel gear diffs for precise control.

Rubber Gymkhana Grid Spec tires, replica fifteen52 TurboMac wheels and a 2.4GHz radio system put the finishing touches on this must-have rally racer!
