Rule the streets with superior size and Mustang muscle

Go big or go home — that’s the statement the 1/5 scale Baja 5R Ford Mustang Boss 302 makes when it’s heating up the pavement. At nearly 3 feet long and sporting a bright orange and black Boss 302 body, this car commands attention. Its looks are matched by its performance, thanks to a Fuelie 23cc 2-stroke gasoline engine. For decades the Ford Mustang Boss 302 has been the iconic muscle car, and HPI has replicated it as a big, bold R/C street machine.

FEATURES:

- The drivetrain is based on the super-tough Baja 5B desert buggy; the suspension is customized for on-road performance
- Hear and feel the raw power of the pre-installed Fuelie 23cc 2-stroke gasoline engine
- An 8,000 rpm racing clutch delivers wheel-spinning torque for top-end speeds
- Drive for up to 45 minutes before re-filling the 700cc fuel tank
- The detailed, officially licensed 1970 Ford Mustang Boss 302 body is factory-finished
- 8-spoke racing wheels add vintage looks; real rubber Tarmac Buster tires offer superior gripping power
- Just fill ‘er up with standard gasoline and roll — all batteries, plus a charger, are included!
