

The Ultimate Combination For Racing!

DNX8

1/8 Scale Nitro 4WD Kit

Faster, stronger, easier to service and tune, the DNX8 buggy is designed to deliver race-winning performance under the most challenging conditions. It's precision-engineered to give the driver the advantage of the latest in race-winning technology and the very best in track-mastering adaptability.

TDRC0211 DNX8 1/8 Scale Nitro 4WD Buggy Kit

Length: 20.6 in (524 mm)

Width: 12.1 in (307 mm)

Height: 7.3 in (186 mm)

Weight: 7.1 lb (3.2 kg)

Wheelbase: 12.8-13.0 in (325-329 mm)

Requires: race spec .21-size nitro engine, 2-channel radio system with high-torque steering servo, tires, wheels & pinion gear

FEATURES:

- Patent pending sliding gear mesh allows the engine position to remain fixed and provide optimal weight distribution
- Ultra-light engine mounts compatible with all engine brands
- Easy-access diffs for super-fast servicing
- Pivot-ball front suspension for consistent handling and quick tuning
- Fuel system features a clunk-style tank to avoid flame outs during rollovers, plus an extra-wide gutter and spillage evacuation system to protect the brakes
- Fuel tank cap compatible with virtually all fuel guns
- Compact, fully enclosed battery box offers maximum protection, battery positioning flexibility and a forward compartment for a transponder.
- Careful routing and clips to keep wiring and fuel tubing neat and in place
- Rugged steel and aluminum construction for lasting strength and durability
- Floating rear body mount lengthens body life

Available: mid-April
