Introducing TrakPower “Century” LiPo packs for racing

TrakPower Century packs are named for their 100C discharge rate, which offer competitors a huge edge in response time and acceleration. All are approved for ROAR-sanctioned 1/8 and 1/10 scale racing events, and balanced for longer life and maximum voltage.

Century packs offer a distinct weight advantage, as well. Since battery weight is directly linked to capacity, the capacities of Century packs have been carefully trimmed to provide winning results with less weight. What's more, the new high-density materials used to manufacture Century packs help control heat. The result is light packs that reduce swelling even in high amp/heat situations.

Hard-case Century packs are available with high-efficiency bullet plugs or with a factory-installed Star Plug and JST XH balancing connector.

In addition to eleven Century packs, TrakPower has also added five 50C packs to its lineup.

Stock #	Description	Advertised Price
TKPC0705	3.7V 5700mAh 100C LiPo Pack	\$59.99
TKPC0707	7.4V 3000mAh 100C LiPo Pack	\$59.99
TKPC0710	7.4V 4200mAh 100C LiPo Short Pack	\$69.66
TKPC0715	7.4V 5400mAh 100C LiPo Pack Star Plug	\$99.99
TKPC0716	7.4V 5400mAh 100C LiPo Pack	\$99.99
TKPC0720	7.4V 6400mAh 100C LiPo Pack Star Plug	\$109.99
TKPC0721	7.4V 6400mAh 100C LiPo Pack	\$109.99
TKPC0725	7.4V 5200mAh 100C LiPo Saddle Pack	\$99.99
TKPC0726	7.4V 4700mAh 100C LiPo Square Pack	\$79.99
TKPC0730	14.8V 5400mAh 100C LiPo Pack Star Plug	\$179.99
TKPC0731	14.8V 5400mAh 100C LiPo Pack	\$179.99
TKPC0365	7.4V 4000mAh 50C Short LiPo Pack	\$49.99
