

## ARRMA® 1/8 NERO FAZON 6S BLX 4WD RTR

### Sleek styling, Diff Brain innovation

The NERO FAZON mixes a sleek, low-profile design with innovative Diff Brain technology to optimize performance in any track condition.

Already proven in the best-selling ARRMA NERO, the Diff Brain enables NERO FAZON racers to switch between four versatile driving styles (Blast, Wheelie, Drift and Climb) on the fly, right from the transmitter. Each style engages a special combination of the three gear diffs to achieve the best traction and handling for specific tasks and terrains.

Supercar styling sets the NERO FAZON apart from other vehicles in its class. Another unique feature is a standard wheelie bar that helps keep the front wheels in contact with the ground. A powerful BLX4075 2000kV 4-pole 6S brushless motor, dependable waterproof BLX200 ESC and interference-free Tactic TTX300 radio system add to the ready-to-run convenience.

Check out the NERO FAZON today at [arrma-rc.com](http://arrma-rc.com).

ARAD75\*\* 1/8 NERO FAZON 6S BLX 4WD RTR w/Diff Brain \$649.99
