

ARRMA® 1/8 OUTCAST 6S BLX 4WD RTR

Scaled for serious stunts

1/8 scale RTRs don't get any cooler—or faster—than the ARRMA OUTCAST.

The OUTCAST makes it easy for bashers to pull off sick stunts (like wheelies, backflips and front-flips) right out of the box. A high-angle wheelie bar, large-diameter tires and a precisely engineered wheelbase are the perfect ingredients to create the ultimate stunt truck.

In addition to 60+ mph speed potential, the OUTCAST comes with a BLX4074 2050kV 4-pole 6S brushless motor, BLX185 ESC, Tactic TTX300 radio system and ADS-15M waterproof steering servo so you can flip and run with the best of the bunch.
