

## Twin Explorer™ EP RTF

### Rugged and ready-to-fly

The perfect plane for first-timers, dual motor power propels the Twin Explorer to instant aerial adventure. A quick battery charge and easy hand launch are all you need to take off and enjoy. Crash-tough foam construction provides ideal protection for new pilots and less-than-perfect landings. A fully loaded accessory package ensures that the Twin Explorer arrives ready-to-fly, with nothing left for you to buy!
